## Laishley Park Information for Parks for the Arts Event

Hello, my name is Jason Forstner. I am new to the event hosting scene. I am a little different as I will not micromanage vendors. You are responsible for knowing what you legally need to run your business. I will not be regulating who can be at the event based on the product or services provided. I believe competition is done through putting your personality into your work & trying to be the best at what you do and unique in your product, not bashing or regulating other vendors. I am looking for a calm relaxing event and I have no patience for ego and animosity. If you're entitled or easily offended, I'm probably not your type of people. I am here to create a space for any and all artist of any genre & discipline and maybe some food and drinks along the way. I will add more amenities to our events as I get more acquainted with the rules and regulations of the city of Punta Gorda. We will eventually branch out into other areas of SWFL. Any parent of a Grade School student Artists may message me about a free venue space to show their art. I ask for Your business name, products sold so I can advertise artist and to filter out none art related vendors. Food trucks/trailers I ask for pictures and length for set up and spacing purposes.

I am making it as simple as possible for us to host. Parks for the Arts events will require vendors to fall into a Genre of an art, or the vendor to be an artist of their craft, Food or drink. We are not looking for businesses to resell, advertise/sell unrelated products/services. Exceptions will be businesses that sell products for artists. Sponsorships are welcome and can advertise at my booth with a banner, flyer or other media. I am not looking to have a booth setup for salesman. Exceptions would be community involvement booths that are not selling a retail service or product.

Events will start @ Laishley Park 120 Laishley Court Punta Gorda Florida 33950 Event setup starts 1 ½ hours before the Event and Event tear down starts at the end of the Event. No vehicles in the park During event (exception 1 parked vehicle per food trailer).
