

SignalTrack Quick Start Guide

Smarter Strategy Starts with Smarter Insights

1. Log In

Access the dashboard using your trial credentials from the confirmation email.

2. Explore Regulatory Intel

View approvals and activities from FDA, EMA, and MHRA. Filter by agency, year, or therapeutic area.

3. Benchmark Competitors

Use Peer Benchmarking to compare companies' clinical pipelines and strategies.

4. Analyze TA Trends

See which therapeutic areas are gaining investment and development activity.

5. Activate Watchman

Monitor early signals of competitive or regulatory movement across your focus areas.

6. Review Executive Summary

Generate an AI-driven summary of insights to share with your leadership team.

7. Need Help?

Contact sales@biostrategyconsulting.com for assistance or to extend your trial.
