

CAPABILITY STATEMENT

COMPANY OVERVIEW

Superior Energy Concepts delivers comprehensive, secure, and environmentally responsible solid and electronic waste (e-waste) recycling solutions. Our combined expertise ensures end-to-end management of product, component, and commodity lifecycles—specializing in solid waste (Refuse), recycling solar panels, batteries, computers, cell phones, and confidential data destruction.

With a mission to provide safe, cost-effective, sustainable energy solutions, we help organizations meet regulatory compliance, enhance corporate sustainability, and recover valuable resources. In collaboration with First America, a trusted name in electronics recycling and WM, a leader in the solid waste industry.

CORE CAPABILITIES

Environmental Stewardship

- Safe processing of products containing hazardous materials (cadmium, lead, lithium, etc.)
- Zero-landfill policy to minimize environmental impact
- Solar panel & battery recycling to support renewable energy sustainability

Regulatory Compliance & Security

- 30+ years of industry expertise in e-waste regulations (EPA, R2, CFR, NAID)
- Certified data destruction (NIST 800-88 compliant)
- Full-chain-of-custody documentation for audit readiness

Resource Recovery & Cost Efficiency

- Advanced material reclamation (aluminum, precious metals, etc.)
- Universal waste processing for all types of batteries
- Cost savings and increased revenue through efficient logistics & commodity resale

PAST PERFORMANCE

- **Fort Worth ISD** – Recycled 450K+ lbs of electronics through our NMSDC-certified partnership.
- **US Naval Base** – Preferred vendor for nonferrous metals recycling via SAM.gov contracts.
- **Montgomery County** – Converted battery recycling from hazardous to universal waste, cutting costs.
- **DHS (ICE)** – Trusted provider for certified destruction of sensitive electronics.

NAICS CODES

- 562920 - Materials Recovery Facilities
- 423930 - Recyclable Material Wholesalers
- 562219 - Nonhazardous Waste Treatment
- 562119 - Specialized Waste Collection
- 423510 - Metal Service Centers

TRUSTED CERTIFICATIONS & PARTNERSHIPS

Greetings,

I hope this message finds you well. My name is Paul Mullins, and I am excited to present **Superior Energy Concepts LLC**.

In collaboration with First America, a trusted name in electronics recycling, Superior Energy Concepts has the capabilities to deliver a seamless one-stop shop experience to our valued clients for E-Waste Recycling.

At Superior Energy Concepts, our team specializes in services aligned with the following NAICS & PSC's:

562920 | 423930 | 562219 | 562119 | 423510

S222 | 4540

Our research indicates that your agency has previously sought services under these NAICS & PSC designations. Recognizing this alignment, Superior Energy Concepts is primed to be a valuable contributor during the pivotal market research phase of your acquisition cycle. We are not just a service provider; we are your strategic partner in achieving your recycling objectives.

For your convenience, our UEI Number is **G953HE9HEGL5**, and our CAGE Code is **9FG85**

Superior Energy Concepts is an SBA certified SDVOSB & HUB-Zone small business committed to delivering safe, reliable, and cost-effective recycling solutions.

To further explore the synergies between the Superior Energy Concepts team and your agency, may we suggest a brief and insightful phone call? Your earliest convenience would be highly appreciated. To delve deeper into our capabilities, we've prepared a detailed overview of our company's strengths, which you can access [here](#).

In anticipation of future collaborations, we kindly request any instructions or a link for incorporating **Superior Energy Concepts** into your small business database.

Thank you for investing your valuable time and consideration. We are enthusiastic about the prospect of connecting with you soon to explore the possibilities that lie ahead.

Respectfully,

Paul Mullins
