Bee Counseling and Consulting's Company Mission, Vision and Values

Vision:

Building a community of mental resilience.

Mission:

Bee Counseling and Consulting's mission is to provide quality mental health and recovery services by offering individual, group, and family counseling, clinical supervision, and training. We are dedicated to resilience, connection, and engagement for the betterment of the community.

Values:

- We value the biopsychosocial model. We believe that behavioral health is influenced by biological, psychological, and social factors.
- We value that everyone is not defined by their symptoms or their diagnosis.
- We value collaboration among clinicians with different theoretical backgrounds and training.
- We appreciate the incorporation of diverse theoretical approaches in your work, recognizing that there is no one-size-fits-all solution. Instead, we emphasize the importance of meeting clients where they are and tailoring interventions to suit each individual client's needs.
- We value trauma-informed care understanding that 90% of clients in mental health care have reported experiencing trauma in their lifetime.
- We value the application of Evidence-based models of people who have been officially trained in those models.
- We prioritize a non-judgmental and affirming approach that respects individuals of all ages, cultures, races, religions, gender identities, ethnic backgrounds, and sexual orientations. We honor the diversity of humanity in its various expressions, lifestyles, and beliefs.
- We value there is no shame in being human, making mistakes and learning from those mistakes, which is how we grow.

Bee Counseling and Consulting is proud to be an equal opportunity employer that is committed to diversity and inclusion in the workplace and beyond. We prohibit discrimination and harassment of any kind based on race, color, sex, religion, sexual orientation, national origin, disability, genetic

information, pregnancy, or any other protected characteristic as outlined by federal, state, or local laws. This policy applies to all employment practices within our organization, including hiring, recruiting, promotion, termination, layoff, recall, leave of absence, compensation, benefits and training.

Unlicensed and Licensed Position Summary

Provides individual counseling, intake assessments, family therapy as needed, couples counseling as trained, and group counseling. All Unlicensed Clinicians are overseen by a licensed clinician that reviews, observes, and provides direct supervision in these techniques and sessions. All clinicians and interns in practice perform referral calls, community outreach, and stay up to date on resources in the community when referring out. May perform other related tasks that are a part of the practice's operation.

The outpatient clinician is a clinical provider registered in DORA to be able to practice clinical interventions in the state of Colorado. Clinicians will be responsible for providing culturally competent, confidential empathetic therapeutic experience to 10 or more clients a week. In addition to clinical work, the clinician will partner with management to support recruiting and marketing aspects of the business.

Work is supervised by professional staff, and clinical work is supervised by a licensed clinician.
