Montenegro Citizenship by Investment

The Montenegro Citizenship by Investment Program was launched by the Government of Montenegro as part of its ongoing efforts to attract foreign direct investment and increase economic activity in the country.

The Montenegro Citizenship by Investment Program requires applicants to make a defined economic contribution to Montenegrin society through an investment in an approved development project, and a capital contribution to a fund designated by the government for the advancement of under-developed areas. In exchange, and subject to a stringent vetting and due diligence process, including thorough background checks, applicants and their families are granted citizenship.
