Georgetown's Center on Education and the Workforce

Out of the 75 Arizona schools included in the rankings analysis, for-profit schools make up five of the eight schools ranked in the top 10% for 10-year ROI. These top-ranked schools confer primarily certificates and associate's degrees, allowing for quicker entry into the workforce.

ROI takes into account students' median earnings, the average net price of the institution, and the predominant credential awarded at the institution.

## For-profit colleges in Arizona contribute significantly to the U.S. workforce to fill critical roles by conferring a high percentage of degrees/certificates in the following fields:

IPEDS Completions Component, 2023-24 school year

## For-profit colleges in Arizona support historically underserved populations across the state, by offering career-focused education to a high percentage of these groups:
