DIVERSE POPULATIONS SERVED

Diverse Populations Served: Female

First, we look at the percentage of women enrolled at for-profit colleges in Maryland in the 2022-23 school year. For-profit colleges lead the way in female enrollment with 62% of students enrolled identifying as female.

Across all institutional levels, CECU member schools showed an average enrollment of approximately 48% women.

Source: IPEDS, 2024

Diverse Populations Served: Students of Color

Additionally, for-profit colleges had the highest enrollment of students that are Black with 65% of students identifying as Black. For-profit colleges had a slightly lower enrollment of Hispanic students than public colleges but had a higher enrollment than private nonprofit colleges.

At CECU member schools in Maryland, 73% of enrolled students identified as Black or Hispanic.

Diverse Populations Served: Low-Income

Low Income

Other areas of underserved populations accommodated by for-profit colleges in Maryland include low-income students. For-profit colleges served the highest percentage of low-income students in the 2022-23 school year with 74% of enrolled students qualifying as low-income.

CECU member schools in Maryland enrolled 72% low-income students across all institutional levels.

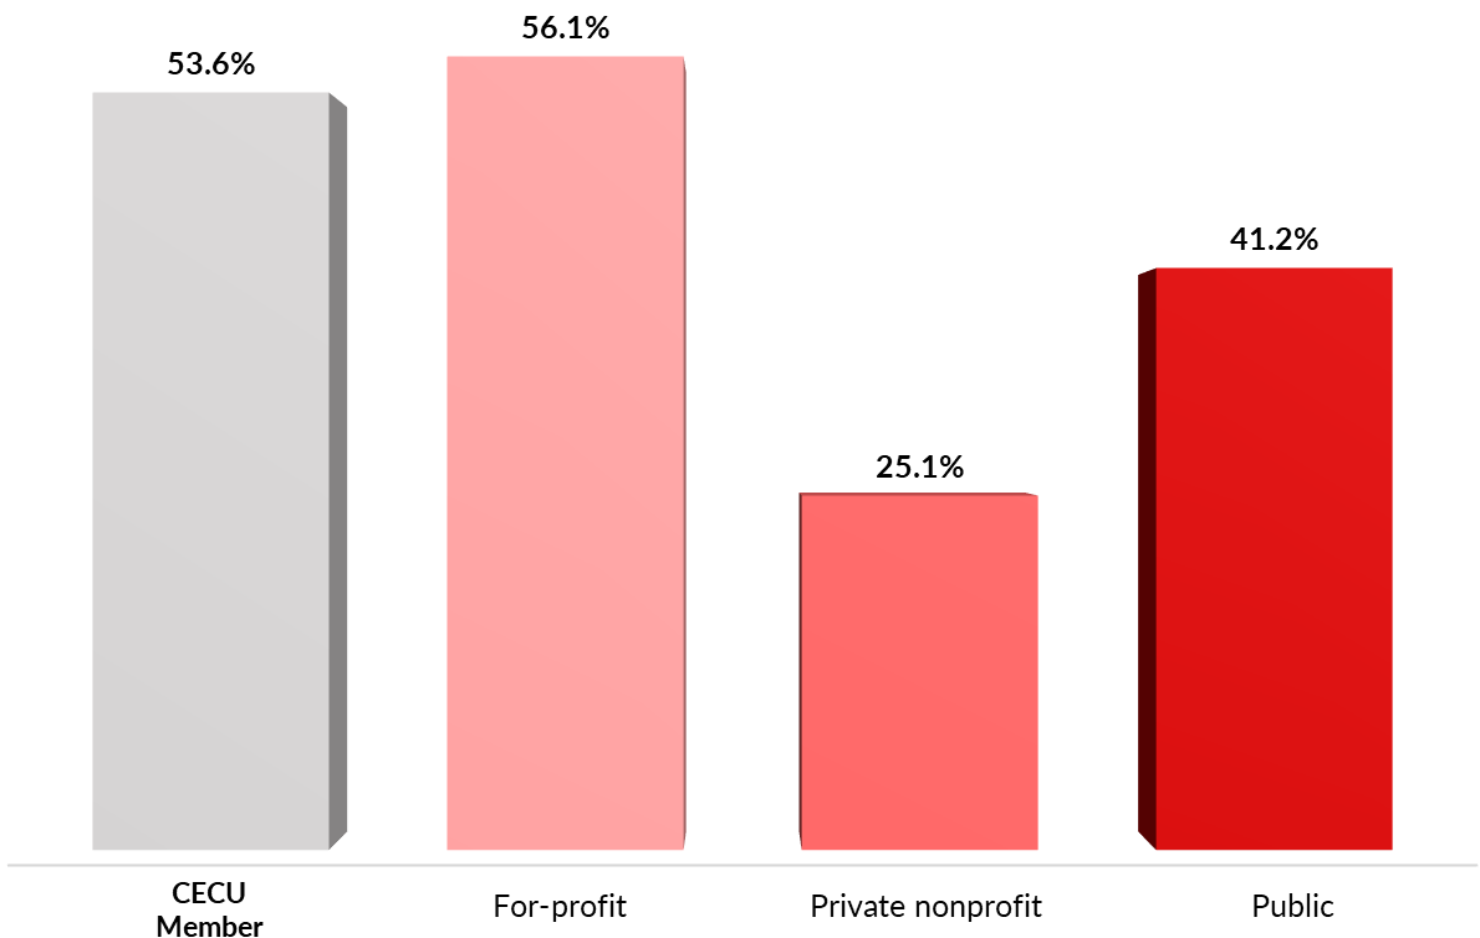

Source: College Scorecard, 2023

Diverse Populations Served: First-Generation

For-profit colleges also served a large share of first-generation students in the 2022-23 school year, leading the way in first-generation enrollment with 56% of students being among the first generation in their family to attend college.

**1st
Gen**

CECU member schools had a student population with 54% first-generation students.

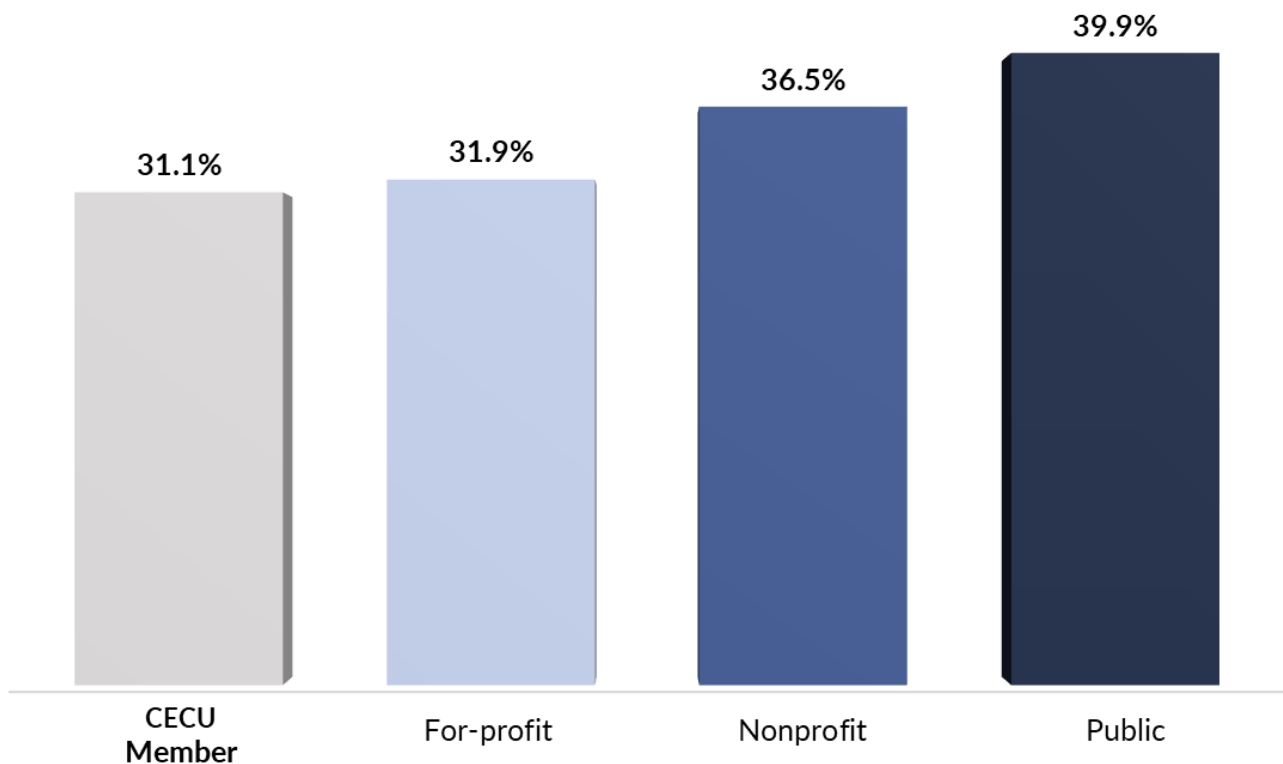

Diverse Populations Served: Adult Learners

Adults aged 25+ are another key population served by for-profit colleges in Maryland as schools in this sector aim to adapt to the needs of older, more experienced learners that may have competing priorities as they've gotten older.

25+

For-profit colleges showed a similar enrollment of adult learners in the 2022-23 school year (32%) to private nonprofit colleges (37%). Both for-profit and private nonprofit colleges had lower adult enrollment than public colleges (40%).

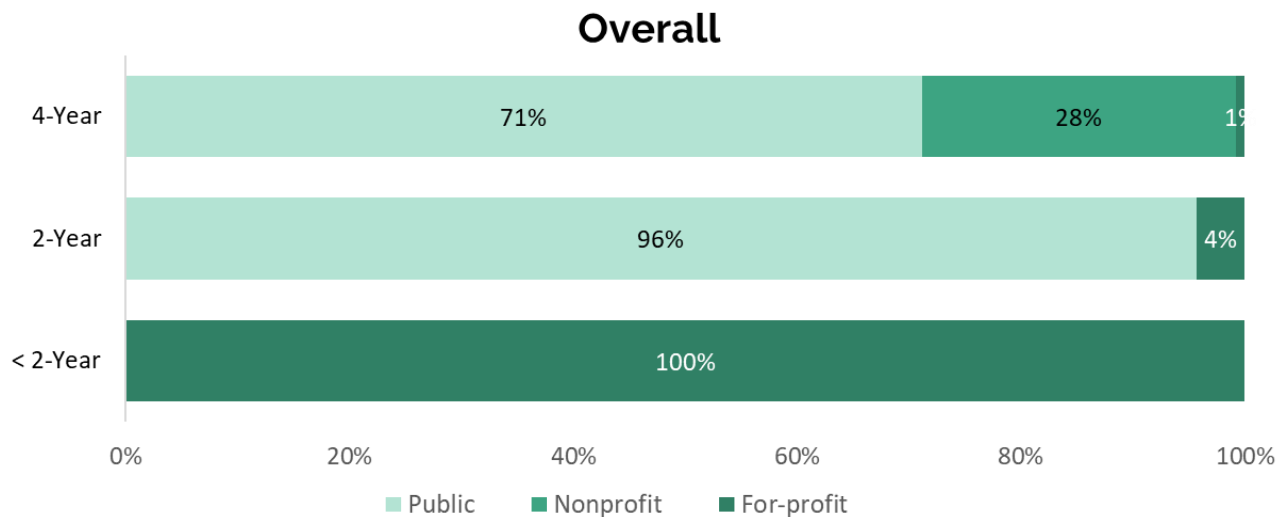

STUDENT OUTCOMES AND PREPARATION FOR THE WORKFORCE

Degrees Awarded in Maryland

Academic year 2021–22

For-profit colleges conferred all less-than-two-year degrees/certificates across sectors in the 2021-22 school year. They also conferred 4% of two-year degrees/certificates and 1% of four-year degrees/certificates.

Among Black and Hispanic students, for-profit colleges again conferred all less-than-two-year degrees/certificates. They also accounted for 8% of two-year degrees/certificates and 2% of four-year degrees/certificates conferred to Black and Hispanic students.

Types of Degrees/Certificates Awarded in Maryland

By control of institution, 2021-22 academic year

Profession	Public	Private, nonprofit	For-profit	Total	For-profit percentage
Aesthetician/Esthetician and Skin Care Specialist	0	0	467	467	100.0%
Nail Technician/Specialist and Manicurist	0	0	9	9	100.0%
Cosmetology/Cosmetologist, General	0	0	488	488	100.0%
Barbering/Barber	0	0	202	202	100.0%
Cooking and Related Culinary Arts, General	0	0	39	39	100.0%

For-profit colleges contribute significantly to the workforce in Maryland, conferring over 90% of degrees/certificates in the following fields:

- Aesthetician/Esthetician and Skin Care Specialist
- Nail Technician/Specialist and Manicurist
- Cosmetology/Cosmetologist, General
- Barbering/Barber
- Cooking and Related Culinary Arts, General
- Welding Technology/Welder
- HVACR Technology/Technician

In-Demand Career Training in the US: Non-Degree

Projected Shortage of Workers by Group

The degrees/certificates conferred by for-profit colleges in Maryland align very well with the estimated annual nationwide worker shortages in occupations requiring some college or a postsecondary nondegree award. Healthcare is by far the occupation most in need of workers. In helping to meet this need, for-profit colleges in Maryland confer 82% of degrees/certificates to medical and clinical assistants. Installation, maintenance, and repair occupations are also in need of workers. Maryland for-profit schools provide large percentages of degrees/certificates in the following fields to meet that need:

- Welding Technology/Welder (100%)
- HVACR Technology/Technician (95%)
- Automobile/Automotive Mechanics Technology/Technician (69%)

Notes

- The data presented in this report includes only Title IV accredited institutions.
- Data for “CECU Member” includes all institutions listed in the member data file provided by CECU, cross-referenced with IPEDS and College Scorecard data by OPEID.
- IPEDS data presented in this report does not include two-year private nonprofit schools or less-than-two-year public and private nonprofit schools due to data availability constraints.
- College Scorecard data presented in this report does not include two-year private nonprofit and for-profit schools or less-than-two-year public and private nonprofit schools due to data availability constraints.
