NACC**

NACC is a subsidiary of the Alliance for Career Education in the States (ACES). All institutions located in the state of Nevada are encouraged to join in support of private career education and state-based advocacy.

NACC will facilitate a sector-led advocacy campaign to directly engage state legislators and regulators on key topics impacting schools and students.

The advocacy work of NACC is tailored to the unique needs of schools in Nevada.

NACC will work to keep government officials in Nevada abreast of the positive impact of proprietary schools in the state and will work with legislative leaders to facilitate in-person visits to their local schools.
