## 20\_\_\_\_ (year) Homeschool Portfolio Review

Evaluators can use this optional form to record notes about the records viewed during a portfolio review evaluation. This form can be useful for parents if questions arise about the records they've kept (as in an audit or if accused of educational neglect or such) and for evaluators if asked to justify their evaluation for a student. This form does NOT need to be sent to the district but should be helpful if district requests, in writing, to review portfolio.

The following are required by Florida Statute FS 1002.41:

\_\_\_\_ a log of educational activities made contemporaneously with instruction

\_\_\_\_ titles of reading materials

\_\_\_\_ samples of writings, worksheets, workbooks, or creative materials used or developed by the student

\_\_\_\_ portfolio demonstrates educational progress at a level commensurate with student's ability

\_\_\_\_ progress shown discussed with student
