## **Chapter 1: How You Approach Life and How You Appear To Others**

### *Leo Rising:*

Ferociously proud and somewhat vain, you like to be impressive and to be seen as Somebody Special. You are not timid, meek, or self-effacing, and are rarely content being in the background or in the subordinate position. You are a natural leader, and do not take orders from others very well. You must have something of your own, something creative - be it a business, a project, a home or whatever - that you can develop and manage according to your own will and vision. Whatever you do, you do it in a unique, dramatic, individual way. You like to put your own personal stamp on it.

You also have a very strong sense of dignity, self-respect, and personal honor and are deeply offended if someone treats you in a humiliating or dishonorable way. You will rarely confront the offender - you are too proud to do so - but you will lose your affection and respect for them. You dislike pettiness and hate to be snubbed or ignored.

You admire others who are strong individuals like yourself. When you befriend someone, you are tremendously loyal, sincere, and willing to go to extraordinary lengths to make that person happy. You are very giving and generous, but your gifts are never anonymous - you expect recognition and appreciation for them. You also expect the intense loyalty that you offer to your dear ones to be reciprocated. However, you often have trouble working with people who are as strong as yourself, for you do not really cooperate or share the leading role very easily. If you are not in

the leading role, you aspire to be and will compete with the person who is.

You have great heart and courage, and people often look to you for strength, encouragement, and affirmation. You always have your best face forward and rarely allow others to see you hurting, disheartened, or vulnerable. You also have a very strong need for love, admiration, appreciation, and praise, although you don't like others to realize just how important it is to you.

Your outlook on life tends to be very personal and rather self-centered. Your own self-expression, self-actualization and self-realization interests you more than anything else. You feel that if you do your best where you are, the rest of the world will take care of itself.

## **Chapter 2: The Inner You: Your Real Motivation**

### *Sun in Scorpio:*

Quiet, deep, emotionally complex and intensely private, you are not a person who is easy to get to know and understand. You are extremely sensitive but disinclined to show it, and you allow only a special few into your inner world. Like a wary animal, you are cautious and mistrustful of those you do not know until you "sniff them out". You are very, very instinctive and intuitive. You usually have a strong, immediate gut reaction to people, even though you may be unable to clearly articulate why you feel as you do. Your feelings and perceptions go deeper than words.

You also have a powerful need for deep emotional involvement and you form very intense love bonds and attachments. You are possessive and often jealous of anyone or anything that you perceive as a threat to your bond with someone you love. When you commit yourself to someone or something, you are wholeheartedly devoted and expect complete loyalty in return. You merge with or "marry" the person you love at a very deep level and therefore separations are extremely painful for you, and often stormy and nasty. When you have been wounded, you are not inclined to turn the other cheek and will retaliate if at all possible. Certainly you will never forget the injury and often you harbor grievances and resentments for a long, long time. Forgiveness doesn't come easily to you.

Whatever you do, you do with passion and fervor, and you often go to extremes. You are either hot or cold, never lukewarm about anything. You can also be very narrow: either you are 100% involved in something or else it doesn't exist for you at all. Rarely are you emotionally detached and objective. You definitely have a fanatical streak. You are also immensely strong-willed and your tenacity in pursuing your objectives often borders on being obsessive. Fierce pride, courage, and emotional strength are yours in abundance.

You love mysteries and are deeply attracted to the hidden, dark, secret side of life. You never take things at face value and are always probing beneath the surface of people and situations to discover what is REALLY going on. You tend to be more of a cynic than an idealist.

*Sun in 4th house:*

You are a private person and inclined to withdraw in very public and impersonal social settings. You prefer to work at home or in a very personal small business.

You invest a lot of your creative energy into your home, your family, and your inner life.

### **Chapter 3: Mental Interests and Abilities**

*Mercury in Scorpio:*

You have good mental concentration and the ability to become completely immersed in your work. You seem to know things at an instinctive, nonverbal level and prefer learning through direct experience or apprenticeship rather than vicariously via books or lectures. You have mechanical ability and work well with your hands. You could become adept at sculpture, pottery, carpentry, stained glass, or anything that involves doing and making things manually. Biology (and related fields such as medicine) interests you as well. You also have an instinctive rapport with animals, and may feel you relate better to them than to people! You tend to become narrowly focused upon your own specialized interests and may not have much to say or communicate outside that field.

*Mercury in 4th house:*

You have an introspective turn of mind and may enjoy keeping a journal or a record of your dreams and personal experiences, or learning about psychology, history, and the inner workings and emotional foundations of your own life. You are studious and something of a bookworm.

*Mercury Sextile Saturn:*

You possess excellent powers of concentration, and enjoy studying or deep thinking in solitude. Discriminating and highly rational, you get right down to the bare bones in any discussion, and are quick to see the fuzzy thinking or weaknesses in another's logic. You are well suited to any work which requires organized thinking, precision, and a methodical approach. You enjoy working on problems that others consider too tedious, repetitive, or technical. You tend to become a specialist in some field of knowledge, and to become engrossed in all of the small details of that area, sometimes not realizing that few people share your particular interest, especially to the extent that you do.

## **Chapter 4: Emotions: Moods, Feelings, Romance**

*Moon in Taurus:*

Even tempered and peace loving, you are not easily ruffled and are rarely given to emotional displays. You have a calming effect on more high-strung or volatile people, and an emotional steadiness that others find soothing. Though gentle and not easily provoked, you are tremendously stubborn and will resist any change which requires an emotional adjustment, such as changes in your home life or marriage.

You seek security and loyalty in love, are extremely devoted to your loved ones, and provide a warm, nurturing atmosphere for them. However, you tend to cling and seek to keep others from changing.

A great deal of physical affection, closeness, and touching is essential to your well-being, and you have a tendency to overindulge in sensual comforts and pleasures. At times you substitute food for emotional comfort and love.

*Moon in 10th house:*

You work well with the public and have an instinct for what the public wants and will respond to. Having a "nest" is not especially important to you, and you may invest more of your emotional energy into your career or public life than in your private life. Providing for and caring for others in a professional capacity is very likely.

*Moon Trine Jupiter:*

You are easygoing, agreeable, and tolerant, willing to overlook others' mistakes, forget the past, and begin again on a positive note. You enjoy making others comfortable and happy, and sometimes overdo your generosity. You often feel that "everything will turn out all right no matter what I do", and so become lazy and lackadaisical.

*Moon Trine Saturn:*

You have an inner poise and balance that enables you to act in a cool, efficient manner during emotional traumas and stress. You keep perspective and objectivity about highly charged emotional issues - sometimes to the chagrin of others who might wish that you would react more intensely. You are quietly supportive and faithful to your friends and loved ones.

*Moon Sextile Uranus:*

You are uninhibited and spontaneous and will often do something unexpected or humorous in order to loosen people up and get them out of their ruts. You crave emotional stimulation, excitement, surprises, and anything new. You love to feel free and unfettered.

*Venus in Libra:*

You possess the gifts of tact, courtesy, consideration, and a strong desire to please and understand your love partner. Because you value harmony so much, you will compromise a great deal to avoid any discord or conflict. You do not like to dwell on controversial or emotionally difficult subjects, and often try to "smooth things over" or "sweep them under the rug".

In love, you want an intellectual peer, an equal, and a friend. You are attracted to

people who have a certain finesse, delicacy, and subtlety. You appreciate good manners and refinement and are not happy with a coarse, blunt type of person.

*Venus in 4th house:*

A warm, loving, and comfortable home is very important to you and you invest a lot of your energy into beautifying, decorating, and creating a lovely home. Also, you share your affection with the people in your family very generously and having close family ties is a major priority for you. Being at home makes you happy.

*Venus Conjunct Neptune:*

You are very romantic, idealistic, and imaginative about love. You yearn for your "true love" or "soul mate" and may become disappointed in others who never quite live up to your dream image of the perfect lover. You frequently fantasize about love and often fall in love with someone you can only love from afar. You may avoid making a definite personal commitment. Gentle and sensitive, you do not like to be approached in a very direct or aggressive manner. You are attracted to those with artistic or mystical inclinations.

*Venus Sextile Pluto:*

You love deeply, passionately, and wholeheartedly, and others may find your intensity either extremely attractive or threatening. You are charismatic and can have a powerful emotional influence on others, especially those of the opposite sex. You may use your attractiveness to manipulate others, sometimes without even realizing it.

## **Chapter 5: Drive and Ambition: How You Achieve Your Goals**

*Mars in Sagittarius:*

You are aspiring, enterprising, and forever following some bright and distant star, planning some new venture or investigating new potentials. You are definitely "upwardly mobile" in either a material or spiritual sense (or both). You aim high and are not content simply with a quiet, secure existence. You like to stretch your limits, to see how far you can go, and to take risks. You are a positive thinker, expect success for yourself,

and are philosophical about failures. You are flexible and bounce back from disappointment rather quickly, usually with another hopeful new idea you want to try. Your enthusiasm and confidence are contagious and enable you to enlist the aid and support you need for your projects. However, you sometimes promise more than you can actually achieve, due to over-optimism or insufficient attention to the practicalities involved.

You also tend to get distracted and to have too many things going at once. Although it is very difficult for you, there are times when you simply must develop commitment, perseverance, and persistence in order to make your dreams and goals a concrete reality. Too often you fall short of what you could attain because you are unwilling to persist through the difficult or less exciting times.

You also enjoy competition and usually do not take it too seriously. Either sports or entrepreneurship would be good ways to channel your energy.

#### *Mars in 5th house:*

You play vigorously and enjoy competitive games and physical rough-and-tumble activities. Athletics and/or physical activities have great appeal for you. You take the initiative in sports and also in romance: you are ardent in pursuing ANYTHING you desire.

#### *Mars Trine Pluto:*

You have a strong sense of mission and you instinctively know that to achieve anything great, one must eliminate superfluous activities, and give oneself wholly to the goal one wishes to accomplish. Your zeal, enthusiasm, and clarity of purpose enable you to succeed and to achieve whatever you aim for. You have a strong will, but you are usually quiet and understated about it.

## **Chapter 6: Other Influences**

#### *Jupiter in Sagittarius:*

Your strength lies in your ability to see the whole, rather than only the parts which compose it. You have a deep need to explore the world and to develop your own philosophy of life and sense of personal meaning. You vacillate between being open-minded and tolerant of differing views, and being dogmatic or overly zealous about your own viewpoint.

*Jupiter in 5th house:*

You are fun-loving and playful, and you throw yourself into your play with joyous abandon! Whatever your love or enthusiasm of the moment is, you go all out for it. You enjoy sports, recreation, or gambling, and you can be somewhat hedonistic or addicted to having a good time. Your children or your creative pursuits give you much happiness and fulfillment.

*Jupiter Opposition Uranus:*

Your gaiety, enthusiasm, optimism, and a positive, energetic, upbeat attitude generate a lot of opportunities for you. You enjoy being spontaneous and taking risks. You must have a great deal of personal freedom and independence, and prefer the "wide-open spaces" to a very rigid, structured lifestyle. Your sense of humor and playfulness enable you to make it through the rough spots in life, as well as to bounce back when those gambles you make do not quite pan out. You enjoy surprises and exploring new territory, both intellectually as well as physically.

*Saturn in Virgo:*

You have a penchant for order and precision, and an almost compulsive attention to detail. You are often hypercritical and can be such a demanding perfectionist that you discourage yourself or others from even attempting something that won't be done exactly the way you know it should be done.

You frequently over analyze or pick things apart mentally. You may be something of a hypochondriac also. You must learn that you do not have to rationally understand everything in order for it to be valid, and also to relax your unnecessarily high or strict standards.

*Saturn in 2nd house:*

Your fears revolve around money and material security, and you work very hard to ensure that your assets are solid. You may be very conservative, even stingy, with your money because you are afraid there won't be enough. You may turn this fear around and become very shrewd about investments and financial matters.

*Uranus in Gemini:*

You are part of a 7 year group of people who are progressive and creative thinkers. Academic achievement is high and academic standards are higher with your age group than with others. You are a curious and inquisitive bunch, and many discoveries and clever insights are brought forth from your age group. The love of learning never dies with your age group, and your curiosity and inquisitiveness does not wane in later life, as is common with others.

*Uranus in 11th house:*

You have unusual, even eccentric friends, and you are likely to join groups, communities, organizations, or clubs which promote progressive or unconventional ideas, social change, or innovation in some form. You are dynamic and creative in business affairs and in organizations.

*Neptune in Libra:*

You are part of a 14 year group of people who have a very idealistic sense of brotherhood and universal cooperation, which, among other things, fostered the peace and freedom movement. Your age group is also interested in the spiritual philosophy and ideals of other cultures, and is not at all dogmatic in its approach to religion. You incorporate the approaches of other religions. Your age group tends to have an eclectic approach to religion, utilizing elements from many religious perspectives (e.g. Eastern and Western), and finds it difficult to follow traditionally defined religious practices.

A gullibility and an unwillingness to be decisive and judgmental inclines your age

group to be easily deceived, and consequently many of the well-intended ideals and goals are frustrated by a lack of clear purpose and direction.

*Neptune in 4th house:*

Your childhood and early home life were colored by a great deal of confusion or by people with unusually active imaginations, aspirations, or fantasies. It is difficult for you to see your childhood and your relationship with your parents in a clear, realistic light. You may search for the ideal, loving home you wish you had, or believe you had, when you were a child. Finding inner peace and a sense of emotional security within yourself is important to you.

*Neptune Sextile Pluto:*

The entire generation to which you belong has tremendous opportunities for spiritual rebirth and awakening. This will not be forced upon you or precipitated by unavoidable events, rather it comes from an inner yearning and a natural propensity to seek the depths.

*Pluto in Leo:*

You are part of a 20 year period that is often referred to as the "ME" generation, a generation that has a very proud and self-reliant attitude. You are a generation that is very concerned with self-development and personal integrity. Women's rights and minority rights are issues that your generation has fostered and they reflect your concern with individual respect, integrity, and honor. Your age group has a deeply felt sense that each person has an equal right and opportunity to fully develop his or her inner potential.

However, your group also finds it difficult to be part of a team and a strong egotism makes group efforts difficult; you tend to see the individual as more important than the group. You also defy authority and often feel that no one has the right to tell you what to do. The strong movement to refuse drafting into the military is one example of your age group's strong sense of individual rights and freedom.

Your age group has popularized the idea of self-development, and has contributed a great deal to the development of individual potential as well as human rights.

However, there is also a tendency to be rather self-centered; others may wonder how you can spend so much time developing yourselves and have so little time to contribute to your families!

The interest in personal development also sometimes manifests as a fascination with particular individuals and a great deal of hero worship. Every generation, of course, has lots of idols, but your generation is particularly prone to needing a specific individual to represent and embody an idea or feeling, and to serve as a focal point of interest. Perhaps the most extreme example of this is the concept of the guru that was popularized by your age group.

*Pluto in 1st house:*

You are an intense person, inclined to be wholeheartedly and passionately involved in whatever your current interest is. You easily go to extremes and you make more moderate, easy-going souls feel uncomfortable.

You may have unusual charisma and also be profoundly influenced by powerful, charismatic figures whom you model yourself after. Learning to use personal power appropriately is an issue for you. Negatively, you can be manipulative and obsessed with personal aggrandizement. Positively, you can be a potent force for change, growth, and healing in the world.
