“Bringing Compassion Back to Health Care”

To All Patients,

We would like to welcome former patients and new patients of all ages to the new office of Dr. Challie Minton. With a new office comes many hurdles; such as a new phone system, computer system and a new office setup. We will need former and new patients to complete office documents, provide insurance cards and provide medication lists. We understand this may be an inconvenience, but we must ensure our office has the correct information to provide you with the best possible care. Please be patient while our entire staff makes this transition.

What to Expect at Challie A. Minton, MD, PC

- Quality care you need, with the compassion you deserve.
- Not only better healthcare, but a better healthcare experience.
- A community-based practice with a “hometown” atmosphere.
- A staff that is passionate about your physical and emotional health and always puts you and your family first.
- To provide our patients, their families and the community with extraordinary healthcare service.
- To be a provider of high quality patient-focused healthcare that is readily accessible, cost effective and meets the needs of the communities we serve.
- To excel at providing for the healthcare needs of our patients through quality, efficiency and patient-centered care.
- A child-friendly atmosphere for pediatric patients of all ages and developmental levels.
