1991-1992

Alarm Clock moved on top of television in 1991! Touching the ceiling in front of the window

Move into this Regular sized Bedroom Before Jan 1993

THIS "very very tiny bedroom Jim built in junior high," (80-fall 1992) was GONE before Anne's supposed claim of Jim & Juan confessing to the Browns' Chicken murders/robbery to her on Jan. 26 1993!

AND there is NO WAY Anne, for months saw a silver 6 shooter gun always sitting on Jim's alarm clock next to his bed, until she went to Forest Hospital Jan 8 '93. Because Kristin L. moved the alarm clock to above the T.V. redecorating in the spring of 1991, and Family & Friends were always in Jim's bedroom answering/using the phone next to the bed There was not a Browns' confession NOR silver 6 shooter 38 gun in Jim's very tiny bedroom!
