

Kristin, Tracy, Angie, & many other people could of easily proven Anne wasn't hanging out at my home almost every day since we met in 1991! There was NO gun on my alarm clock/next to my bed. And there was NO murder/robbery confession in my very tiny bedroom Jan 26 93, or EVER!

Met real 1993 boyfriend Richard Bilik once delivering mushrooms for weed... Cindy's domestic emergency with Jeff - but also had a dorm room & dating Mike Dec '92... Visited Anne in Forest Mental Hospital (after her Mom called everyone) with Juan Luna Nov '92 & Jan '93
- Anne called Mom's line 3+ times a year after breaking up leaving Mom/Meg messages & phone numbers - catching me ?? 3-4x? before I called her Aug 2000 for old curled up photos lost in shop for years. We talked for 1hr. she was still mad we broke up, & I dated Angie (but ~~FBI~~ knew one of the 3-4x talking to me bragging about her Kayak instructor/lessons with white water hiker boyfriend hippy stoner loner partier. Going to college her mom did move despite me not helping fix/paint their home in 95 while listing it) but became furious (in 200) when I said engaged moving to Indy - said was dating Jenni - "JEN we gave a ride to camping in Wis your sisters friend, drives a little red sports car (in 95), your marrying her I knew you were fucking her too ---" Anne wasn't terrified of me as she told my Jurois, she was/is my spiteful psycho EX girlfriend!
