**The Virtue of Masculinity** by Dr. Tim Gray

In recent years, the use of this word has become controversial, and discussion about it unwelcome or silenced. Is all masculinity "toxic"? Dr. Tim Gray strongly asserts that while fallen masculinity does exist, authentic, God-given masculinity is a great virtue that is desperately needed in our world. Drawing on personal and cultural examples, Tim challenges men to face their fears about failing or "striking out," and encourages them to become the men they desire to be—loyal, dependable, and beloved friends, spouses, and fathers—in the image of Jesus Christ, the Perfect Man.
