Gold Fractional RF Microneedling – increases collagen, reduces wrinkles, shrinks pore size, decreases acne scars, evens skin tone, stimulates hair growth and improves skin texture. Collagen Induction Therapy (CIT) microneedling uses a device to create micro wounds in the dermis. These micro-injuries trigger the body's natural healing process, producing new collagen and elastin. Results can be intensified with the use of Hyaluronic Acid driven deep into the micro channels increasing the skin's utilization of nutrients. A series of three treatments 4-6 weeks apart is recommended for best results. \$325 per treatment area or Series of 3 treatments \$900

Red Light Therapy Bed: Red Light Therapy emits diodes (LED's) to treat medical as well as cosmetic conditions. The device sends low – intensity red and near infrared light deep into the body's cells to promote healing, stimulate collagen production, reduce inflammation, stimulate hair growth, and weight loss. Each treatment session is \$40 or series of 12 for \$400 Recommended 2-3 sessions per week for 4-6 weeks for best results.

Non Laser Skin rejuvenation treatments using titanium thermal energy to boost collagen production, tighten skin, reduce fine lines, wrinkles and pigment spots. Especially effective for the hard-to-treat eye and neck area. Results are intensified with the use of pure medical grade Hyaluronic acid driven into the micro channels increasing the absorption. \$300 per treatment area or a series of 3 treatments for \$825

VI Chemical Peels: medium-strength, medical grade chemical peels that minimize signs of aging, including fine lines, wrinkles, sun damage, hyperpigmentation, melasma and uneven skin

texture, dullness and tone. There are six uniquely formulated VI Peel treatments designed to lift pigment, remove sun damage, alleviate acne and scarring, and fight fine lines and wrinkles. All peels are painless and safe for all skin types with results in as little as 7 days! \$275 per treatment or \$750 for a series of 3 treatments.

Diamond Microdermabrasion Facial A state of the art diamond tipped hand piece is used to gently remove dead cells and debris from the outer layer of your skin leaving smoother, cleaner, brighter skin. The Diamond Peel gently safely removes the outer layers of the stratum corneum and any debris on the skin such as surface blackheads whiteheads, oil and dirt. The Diamond Peel is excellent for anyone whose skin is dull, flaky, dry and anyone with clogged pores and brown pigment spots. \$150

Hydrodermabrasion Facial: It's the latest buzz in skin care and is an alternative to microdermabrasion. Can be used on sensitive skin. It combines the benefits of oxygen and water to shoot a pressurized stream of solution onto the skin. The high velocity of this procedure effectively removes dead skin cells at first contact, exfoliating and soothing the skin at the same time. As nutrients within the serums are infused into the skin, strong suction removes impurities. Hydrodermabrasion hydrates, cleanses and revitalizes skin while supporting healthy blood circulation. Better circulation promotes the production of collagen and elastin fibers that tighten the skin and promote a more youthful look. \$150

Dermaplaning Facial: An exfoliating treatment that uses a scalpel blade to skim dead skin cells and vellus hair from your face. It can be used with any skin type and helps with acne scars, dull skin, dry skin, sun damaged skin and fine wrinkles
30 mins - \$75

60 mins. - \$150 includes mask, customized serum, and massage

Dermaplane as an add on to other facials \$60

O2toDerm Oxygen and LED Dome Facial: Our hyperbaric anion oxygen dome facial is essential for achieving clean, revitalized skin. With over 95% pure oxygen, it combats environmental pollutants that harm our skin. Acne causing bacteria is destroyed, collagen production is stimulated, nutrient intake is increased, and tone and texture is improved. This is combined with Red, Blue, Green or Yellow LED Light therapy which increases energy production in the cells, encourages production of elastin, collagen and fibroblasts, enhances immunity, reduces inflammation, acne, melasma, rosacea and other skin discolorations. \$150

Hydrate and Lift Radio Frequency Facial for anti-aging and skin tightening. Reduce the appearance of fine lines and wrinkles with medical grade treatment. \$150

Oxygen wand therapy as an add on to any of the above facials \$30 and up

Gua Sha Facial: Gua Sha involves the use of stone tools made of jade or quartz to stroke and massage the skin to increase circulation and the production of anti-aging molecules, collagen, and elastin and help with lymphatic drainage.

60 mins \$150

90 mins \$190
