

## Engineering and Design Rate Card

ACS is dedicated to providing detailed engineering and design work. For any catalyst based project, we commit up to 5 hours of engineering to assist in your final design. After 5 hours, we will bill at a rate of \$150.00 (USD) per hour which will be sent to you in the form of a credit card pay link that shall be paid before additional work proceeds. A full credit of the amount paid will be applied to an order for catalyst submitted related to the design work upon receipt of a purchase order.
