SURGICAL CONSENT & AUTHORIZATION for TPLO & MPL Surgery

Date:_____ Referring Hospital:_____

Pet's name:_____ Client's name:_____

Pet's DOB:_____ Breed: _____ Sex: Male Female Altered: Yes No

_____ This document acknowledges that I have been informed by Dr. _____ that my pet is suspected to have a cranial cruciate ligament rupture (CCLR) and medially luxating patella. I have been informed of the treatment options, including surgery.

_____ I elect and consent for TPLO (tibial plateau leveling osteotomy) and MPL correction surgery to be performed on my dog by Dr Jennifer Hoch, DACVS.

_____ I understand surgery will be on the: (Circle & initial) RIGHT _____ LEFT _____

_____ I understand the risks associated with this procedure that include anesthetic risk, hemorrhage, nerve damage, infection, implant failure, delayed healing, & very rarely death.

_____ I understand that the surgical success rate with TPLO is reported for 93-95% of dogs having a good to excellent long-term outcome. Complications can occur in 5-7% of cases. If infection occurs, recovery can be delayed and the need for implant removal surgery may be necessary (at additional cost). There is a 5-7% chance of recurrence of MPL.

_____ I understand that successful outcomes require proper home care and restrictions. I understand that guarantees are not being made for outcome.

_____ I understand that 50-60% of dogs with a torn CCL will have the same problem in the opposite leg.

_____ I understand that my pet will be administered Nocita (local anesthetic lasting up to 72 hours) for pain control during surgery.

_____ I consent for photographs and videos to be obtained of my pet for use by MVSS for case presentations, monitoring, and/or website or social media.

I hereby grant permission for my pet to undergo TPLO/MPL surgery by Dr Jennifer Hoch.

OPTIONAL LICK SLEEVE ORDER

Date:_____ Referring Hospital/Doctor:_____

Pet's name:_____ Client's name:_____

_____ This document acknowledges that I have been informed that my pet is not permitted to lick or chew at the surgical incision. I have been informed of the treatment options, Lick Sleeve and Elizabethan collar (E-collar or "cone of shame").

_____ The Lick Sleeve is an optional alternative to cover and protect the incision when the pet is supervised.

_____ The incision should still be monitored at least once per day.

_____ I CHOOSE TO PURCHASE THE LICK SLEEVE FOR MY PET FOR AN ADDITIONAL $100.

_____ I DECLINE TO PURCHASE THE LICK SLEEVE FOR MY PET

_____ _____ _____
