

**Vaccination Clinic Liability Release Form: CANINE**

I hereby consent and authorize Greys and Strays and its associates/volunteers to receive, and transport the following animal(s). I will not hold liable or responsible Greys and Strays, its associates or volunteers for any and all claims, liabilities, losses, damages, charges, fees and expenses of every nature and character which I or my animal(s) may sustain or incur by handling, attending, treating, and vaccinating. Greys and Strays is to use all reasonable precautions against injury, escape or death of my pet or stray. Greys and Strays will not be held liable or responsible in any matter in connection therewith as it is thoroughly understood that I assume all risks. Vaccine reactions that occur are usually mild and can include lethargy, soreness, and decreased appetite for about 24 hours. However, severe allergic reactions including anaphylaxis and death, while rare, are possible. Greys and Strays reserves the right to hold or keep any animal for health, safety or treatment reasons in order to protect that animal. I have read the forgoing and agree.
