XP Homes Hub

XP Homes Hub is the tool designed to help XP Homes agents maximize their income potential, build teams, and create long-term, scalable revenue streams using our proven revenue-share structure.

+ Why Most Agents Don't Reach Their Income Potential

In real estate, most agents hit a ceiling not because they lack talent, but because they're forced to rely solely on their own production.

01. No structured system to earn beyond closings

02. No clear process to build teams

03. No visibility into downline performance

04. Delays in commission or revenue-share payouts

05. A lack of tools to lead, mentor, and scale

XP Homes Hub removes these barriers.

What XP Homes Agents Need for Growth

To succeed at a higher level, agents today require:

- A competitive revenue-share model
- A system to recruit, refer, and build a personal team
- Automated commission and revenue-share tracking
- Full visibility into their organization's production
- Real-time insights into income, referrals, and team growth
- A unified platform where their business can scale

XP Homes Hub provides all of this — in one place.

The Real Cost of Not Leveraging Revenue Share

✦ The biggest missed opportunity for agents isn't failing to close more deals — it's failing to build revenue that continues even when you aren't selling.

When agents don't have a system like XP Homes Hub, they lose:

- Thousands in potential passive revenue
- Top recruits who want transparency
- Team momentum
- Leadership opportunities
- Long-term financial stability

The question is no longer whether you can afford XP Homes Hub — but how much income you lose without it.

Before vs After XP Homes Hub

Before XP Homes Hub:

- Recruiting is manual
- Revenue-share calculations are unclear
- Agents lack visibility into team production
- Payouts are delayed
- Growing an organization feels overwhelming

After XP Homes Hub:

- Recruiting is automated
- Multi-tier revenue share is calculated instantly
- Agents see full downline production in real time
- Payouts are fast and accurate
- Growth becomes simple, predictable, and scalable

XP Homes agents get the infrastructure needed to build a lasting income organization.

XP Homes Payout Model Overview +

How XP Homes Pays Agents Through Our 4-Tier Revenue Share System

1

XP Homes pays a 4% commission on all direct sales.

2

That 4% commission is divided using a 75/25 split.

3

75% — Paid Directly to the Sales Agent.

4

10% funds the share revenue program

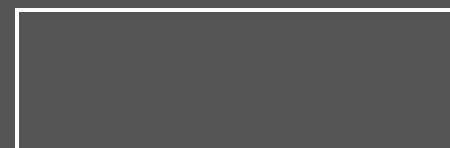

Revenue Share Distribution

A total of 10% goes directly into the revenue-share compensation plan.

It is distributed across four leadership levels:

- ✓ Level 1: 4%
- ✓ Level 2: 3%
- ✓ Level 3: 2%
- ✓ Level 4: 1%

This means agents earn income not only from personal sales—but also from the production of their organization up to four levels deep.
