B.	Plan Elements. Required for <u>all</u> PHAs completing this form.																																
B.1	<p>Mission. State the PHA's mission for serving the needs of low-income, very low-income, and extremely low-income families in the PHA's jurisdiction for the next five years. The mission of the PHA is the same as that of the Department of Housing and Urban Development: To promote adequate housing, economic opportunity, and a suitable living environment free from discrimination.</p>																																

B.2	<p>Goals and Objectives. Identify the PHA’s quantifiable goals and objectives that will enable the PHA to serve the needs of low-income, very low-income, and extremely low-income families for the next five years.</p> <p>PHA Goal: <u>Vacancy Reduction: Reduce Public Housing Vacancies and Increase the Quality of Assisted Housing:</u> The PHA strives to continue to prove safe, decent, affordable low income housing.</p> <p>The Housing Authority is seeking to modernize 32 units at <u>Northside Drive</u> using a hybrid combination of Force Account Labor (FLA) and bid contracting methods based on a Physical Needs Assessment of the property. The quality of these units will be enhanced by improvements to major building components including HVAC, plumbing, and electrical. Northside Drive parking and access will be improved by additional driving lanes, parking areas, and covered areas for parking and walking. The PHA is further seeking to modernize 2 units on <u>4th Street</u> using hybrid FLA and contracting approach to resolve plumbing problems with waste lines.</p> <p>PHA Goal: <u>Increase the Number of Assisted Housing Units:</u> The PHA currently manages 5 units on <u>Maple Street</u>. Those units represent the only PHA presence in the main section of Pineville.</p> <p>The Maple Street area is the remnants of a historically Black neighborhood and presents an opportunity to preserve and expand in the demographic and target market of the PHA while serving a marginalized group. The PHA will develop and execute a plan to build up to 40 additional units at Maple Street using Project Based Vouchers available from the Community Development Agency allocation.</p> <p>PHA Goal: <u>Improve Quality of Assisted Housing:</u> The PHA seeks to convert 40 PHA units in the <u>Wallsend</u> neighborhood from baseboard heat and window type air conditioners to a high quality zoned heat pump system supported by an upgraded electrical service. The PHA further seeks to improve the quality and marketability of housing by undertaking the creation of a Site Improvements Master Plan. That plan will provide a site-wide parking, traffic flow, and solid waste disposal solution.</p> <p>PHA Goal: <u>Improve Community Quality of Life and Resident Safety:</u> The PHA will upgrade the hazard detection and warning systems in all units. Fire, heat, smoke, carbon monoxide, water, health emergency, unauthorized intrusion, and passive invasion detection will be upgraded. The alert, warning, and messaging system for hazard detection and situation alerts will be modernized. The objective is to detect a wide range of conditions and threats and communicate both the presence of and action needed to respond. This plan and the ongoing effort will be <u>site-wide</u> including all PHA units. Along with the equipment system the PHA will develop a Disaster Response Plan focused on flood conditions including PHA involvement in resident evacuations from <u>Wallsend</u>. The PHA will undertake an assessment of the retaining wall on the north side of the buildings on <u>George Martin Drive</u>, take immediate action as needed, and create a long term plan to monitor and inform actions to ensure the wall is secure and the adjacent housing is safe. The PHA will develop a <u>site-wide</u> plan, a Site Improvement Master Plan, to support design and development decisions and inform marketing and branding campaigns.</p> <p>PHA Goal: <u>Promote Self-Sufficiency:</u> The PHA will develop a <u>homeownership initiative</u> associated with an <u>Asset Repositioning Plan</u>.</p>
B.3	<p>Progress Report. Include a report on the progress the PHA has made in meeting the goals and objectives described in the previous 5-Year Plan.</p> <p>This plan changes the prior approach for reducing vacancies from demolition of units to modernization and marketing of units. Some quality improvements of building components was accomplished. That will continue with increased effectiveness through the development of a planned approach. Community quality of life improvements saw the placement of video surveillance and that will continue as a part of this plan. Overall the PHA has a solid foundation for continued improvements that will be enhanced and supported by planning.</p>
B.4	<p>Violence Against Women Act (VAWA) Goals. Provide a statement of the PHA’s goals, activities, objectives, policies, or programs that will enable the PHA to serve the needs of child and adult victims of domestic violence, dating violence, sexual assault, or stalking.</p> <p>The PHA continues to apply the elements of VAWA as described in the PHA Admissions and Continued Occupancy Plan (ACOP). The Goal is to comply with the requirements and the policy.</p>
C.	<p>Other Document and/or Certification Requirements.</p>
C.1	<p>Significant Amendment or Modification. Provide a statement on the criteria used for determining a significant amendment or modification to the 5-Year Plan.</p> <p>The PHA defines “substantial deviation” as a change in the capital budget and/or 5-Year Plan of 50%; of more of non-emergency work items or any policy changes which would require resubmission of an updated Plan.</p> <p>The PHA will consider the following actions to be significant amendments or modifications:</p> <ul style="list-style-type: none"> - Changes to rent or admissions policies or organization of the waiting list with the exemption of HUD mandated changes in these policies - Addition of non-emergency work items in the amount of 50% of the capital budget (items not included in the current Annual Statement or 5-Year Action Plan)

C.2	<p>Resident Advisory Board (RAB) Comments.</p> <p>(a) Did the RAB(s) have comments to the 5-Year PHA Plan?</p> <p>Y N YES <input type="checkbox"/> <input type="checkbox"/></p> <p>(b) If yes, comments must be submitted by the PHA as an attachment to the 5-Year PHA Plan. PHAs must also include a narrative describing their analysis of the RAB recommendations and the decisions made on these recommendations.</p> <p>The RAB was very interested in the potential Site Plan elements related to the expansion and increased management of parking. This indicated that parking is one of the site features that residents engage with often. The other site plan element that received discussion time was solid waste refuse areas. These may be a small part of the site plan but parking and garbage represent significant issues for residents.</p>
C.3	<p>Certification by State or Local Officials.</p> <p>Form HUD-50077-SL, <i>Certification by State or Local Officials of PHA Plans Consistency with the Consolidated Plan</i>, must be submitted by the PHA as an electronic attachment to the PHA Plan.</p>
C.4	<p>Required Submission for HUD FO Review.</p> <p>(a) Did the public challenge any elements of the Plan?</p> <p>Y N <input type="checkbox"/> <input checked="" type="checkbox"/></p> <p>(b) If yes, include Challenged Elements.</p>

The PHA will use the answer blocks in item D.1 to provide a statement of its strategies and actions to implement each fair housing goal outlined in its accepted Assessment of Fair Housing (AFH) consistent with 24 CFR § 5.154(d)(5) that states, in relevant part: "To implement goals and priorities in an AFH, strategies and actions shall be included in program participants' ... PHA Plans (including any plans incorporated therein) Strategies and actions must affirmatively further fair housing" Use the chart provided to specify each fair housing goal from the PHA's AFH for which the PHA is the responsible program participant – whether the AFH was prepared solely by the PHA, jointly with one or more other PHAs, or in collaboration with a state or local jurisdiction – and specify the fair housing strategies and actions to be implemented by the PHA during the period covered by this PHA Plan. If there are more than three fair housing goals, add answer blocks as necessary.

Until such time as the PHA is required to submit an AFH, the PHA will not have to complete section D.; nevertheless, the PHA will address its obligation to affirmatively further fair housing in part by fulfilling the requirements at 24 CFR 903.7(o)(3) enacted prior to August 17, 2015, which means that it examines its own programs or proposed programs; identifies any impediments to fair housing choice within those programs; addresses those impediments in a reasonable fashion in view of the resources available; works with local jurisdictions to implement any of the jurisdiction's initiatives to affirmatively further fair housing that require the PHA's involvement; and maintain records reflecting these analyses and actions.
