WHY WE ARE LOW RISK

- Proven DoD and Intelligence Community experience
- Personnel with TS/SCI clearance and CI Polygraph (adjudicated)
- Rapid integration into existing programs
- Compliance-aligned delivery (NIST, RMF-informed)
- Scalable, low-overhead execution model

DIFFERENTIATORS

- Integrated KM + AI Execution
- Full-Lifecycle Delivery (Strategy → Adoption)
- Governance Built for Regulated Environments
- Outcome-Focused, Mission-Aligned Solutions

PAST EXPERIENCE

- Defense Intelligence Community (DoD): \$6.5M cost savings; supported 6,000+ personnel; improved governance in TS/SCI environments
- U.S. Air Force Communications Enterprise: 22,000+ users; 1,600+ systems; increased adoption and reduced operational risk
- Air Force Special Operations / Global Network Ops: 15,000+ personnel; 184 global locations; improved reliability and cybersecurity posture
- DoD Enterprise Collaboration & Workflow Modernization: 40% reduction in manual processing; research time reduced from days to hours
