

For Immediate Release:

Effective March 1, 2020 di Piazza’s, a live music and entertainment venue located in Long Beach, CA will be under new management.

Live Music, Entertainment, Special Events & Delicious Pizza!

The legacy of di Piazza’s is a top priority. The name stays, employees stay, the same great pizza stays, and we will continue to support live music. We have installed a new state of the art sound system. Additional planned improvements include creation of a new mural along the inside wall, new sign and marquee, and fresh branding and marketing designs. Di Piazza’s hours of operation will also expand, opening earlier to accommodate lunch, and closing later in the evening. Change is tough, and this industry I love can be brutal, but we are going to do everything possible to give di Piazza's another 36 years.

-Operating Partner Steve Guillen.
