

**Supply list**

**Mark Anthony – 2 day workshop**

**Sept 18 and Sept 25 2021**

a good drawing platform (drawing board)

HB and 2B Pencils,

quality kneadable eraser (Steadler Mars recommended),

skewer or knitting needle for measuring space and lines,

View Catcher (Optional), Easel (Optional).

Availability of a decent size screen for the workshop if possible (Computer Monitor, TV Screen, Large Tablet). Our focus is not on drawing tools but on how to successfully use drawing to gauge our visual comprehension and our ability to reverse engineer and re engineer our visual source. The matter is not about what we see, but how we understand what we see.
