

Clark injured his knee in the Consolation round against the Cubs yet still had one more at bat after the injury. Once fully healed for 2023, he once again was a massive contributor and played a solid short including making the game winning snag on a line drive in Game #1 of our Playoff series against the Reds.

Clark returned to the team on a more regular basis in 2025 and had a solid season overall. 2026 will be a big year for Clarky.
