

Matt came over from the Brewers after having played with them for several years and after the team moved on to another league. Surehanded defensively and dynamite from the left side of the plate, Matt did everything in his power to help the team win game in and game out.

In 2017, Matt recorded the 2nd highest Batting Average ever at 0.529 (second only to Ben Singh that same year who hit 0.550) and the 3rd highest OBA at 0.714 (behind only Ben at 0.750 and Terry at 0.738).

He left the team to re-join the Brewers returned to the league in 2018.
