

Blue Jays

Juan Carlos ("JC" as we call him), came aboard in 2018 through his connection to A-Rod and started hitting the cover off the ball almost immediately. In his 2nd season with the team, he led in several offensive categories including RBI's (15) and Doubles (8) and was 2nd in OBA at 0.673 behind only Mark Wolfendale's impressive team record high of 0.805.

JC is a huge part of the team and has become an onfield leader with his actions and his words. His presensce is missed when he isn't able to make it to a game. Whether he is at 3B or patrolling the outfield, JC is an integral part of the team and a key cog in the lineup each and every time he is out there.

In 2024, JC was his typical self putting up solid numbers across the board while cutting down his K's. He still refuses to slide into 2nd base (maybe he just doesn't know how?) but his steady presence at 3rd and consistent approach at the plate help keep our offense chugging along.

JC is and always has been one of our best players. He had another solid to outstanding year for us. At the plate, he tied Konrad for 2nd on the team in RBI (11), tied Geoff for 3rd fewest K's all year (4) and was 2nd in Runs (14). 2026 will be a big year for JC as we look to his solid "D" at the hot corner to help us into contention.

Another solid season for JC both at the plate and on the field as he slowly starts to creep up on some individual milestones as a Blue Jay. He was solid at 3rd again, and at the plate, he was among the team leaders in RBI, runs scored, walks and OB %.
