

Owen Bramley

Owen joined the team in 2025 and had a remarkable season offensively. He played in only 10 games but he set single season records in several categories including; Batting Average, On Base Average, Slugging %, OPS, and OPS+.

Owen pitched for us as well and despite his numbers not being what we expected, he was at times effective and, next year (once we have added more pitching to the team) we will slot him in as more of a short inning type of pitcher as opposed to pushing him to pitch more as we really had no other choice this year given our lack of pitching options.

In 2026, we were able to dial back the innings for Owen and the results were phenomenal. In 11 innings on the mound, Owen went 2-0, he posted a 0.64 ERA with 9 K's and 11 BB's. Offensively, he was pretty consistent but he did Walk more, scored 7 more runs then his first year and stole 3 more bases. Hopefully in 2027 he will be able to play in more games.

Also, regarding the picture, it was the best one I had. I will get a better one next year.
