Zack became a member of the team in 2016 and early on his pitching and switch hitting abilities were vital to keeping us afloat.

One of only 3 lefthanders we have had on the mound, Zack was more along the lines of Frank Tanana in the late 80's then the late 70's (before Tommy John surgery became the norm). His deceptive motion on the mound and strike throwing ability helped keep things moving when he pitched.

Zack returned to the team after Covid, then played a season with the Reds winning the Championship, then returned last season in an unofficial coaching and recruitment role helping us add several players he had connections with from the other teams he has played on.

Solid at the plate, he has a career 0.350 Batting Average and 0.517 Onbase Average. He joined the coaching staff officially this past off-season and has continued in his role as recruiter helping us search for key additions all off-season.

He also plays a vital role in helping to interpret between the Spanish speaking players on the team when need be.

Zac was one of our most consistent hitters before injuring himself. He hurt his pitching shoulder and not only did we lose one our key bullpen arms but his bat out of the order hurt us as well. Luckily, he was able to do very well in his role as Lead Scout in finding us players once again.

(I'm still waiting on pictures from Zack in order to properly place in his bio here).
