I. Vision

Tonkawa Public School is preparing our students to live and work as responsible citizens and life-long learners by providing students and teachers with technology tools and skills necessary for student- directed learning. The Tonkawa Public Schools electronic network supports our instructional program, including– Oklahoma Common Core State Standards, learning opportunities, information retrieval, searching strategies, research skills, critical thinking skills, and life-long learning. Through the Internet, students, teachers and staff are able to access current information, news, resources from businesses, libraries, educational institutions, government agencies, research institutions and associations, and a variety of other sources.

II. Goals

- Sustaining our whole community with a culture of life-long learning.
- Engaging all students in authentic real-world activities and projects.
- Extending learning beyond the classroom and the school day.

We hope that you will share in your son's or daughter's excitement about this opportunity and learn along with them as they use this instructional tool to enhance their learning.

III. Terms of Chromebook/Laptop Loan

Issuing of Chromebooks/Laptops

All students enrolled at Tonkawa Public Schools will be issued a Chromebook or laptop at the beginning of their Pre-K year or upon enrollment. The Chromebook/laptop will be assigned to individual students and serial numbers of the Chromebook/laptop and charger will be recorded. These items will be assigned to the student until they graduate or are no longer enrolled.

Students will turn them in each year at the end of the school year or upon the student's withdrawal.

Students are responsible for bringing the Chromebooks/laptops to school, taking them home each day, and charging them for use the next day. The Chromebooks/laptops are not to be left unsupervised at school or at home in unsecured locations.

Conditions of Loan

Tonkawa Public Schools will lend a Chromebook/laptop to all students enrolled in Tonkawa Public Schools upon compliance with the following:

- 1) Student Responsible Use of Technology and Internet Safety Agreement (RUA) signed by the student and parent
- 2) Chromebook/laptop Loan Agreement signed by the student and parent
- 3) \$25.00 deposit (if applicable)

IV. Hardware and Software Issued

Hardware:

- 1) Chromebook/laptop Computer
- 2) AC Adapter and power cord

Chromebooks/laptops run on Microsoft Windows and are Internet capable. They also have web-filtering and anti-virus services.

Other software applications may be installed by members of the Tonkawa Public Schools Technology Department. The software installed by Tonkawa Public Schools must remain on the Chromebook/laptop in

usable condition. *Students will be able to install approved software through approved methods. No unapproved software may be installed by students.*

V. Chromebook/Laptop Care Guidelines

General Care of the Chromebook/Laptop

- 1) For prolonged periods of inactivity, you should shut down completely before closing the lid. This will help to conserve the battery.
- 2) Please be aware that overloading the case may damage the Chromebook/laptop. Take precaution when placing the case on a flat surface.
- 3) When using the Chromebook/laptop, keep it on a flat, solid surface so that air can circulate. For example, using a Chromebook/laptop while it is directly on a bed or carpet can cause damage due to overheating.
- 4) Liquids, food and other debris can damage the Chromebook/laptop. You should avoid eating or drinking while using the Chromebook/laptop. DO NOT keep food or food wrappers in the Chromebook/laptop bag.
- 5) Take extreme caution with the screen. The screens are susceptible to damage from excessive pressure or weight. In particular, avoid picking up the Chromebook/laptop by the screen or placing your finger directly on the screen with any force.
- 6) Dimming the LCD brightness of your screen will extend the battery run time.
- 7) Never attempt repair or reconfigure the Chromebook/laptop. Under no circumstances are you to attempt to open or tamper with the internal components of the Chromebook/laptop. Nor should you remove any screws; doing so will render the warranty void.
- 8) Take care when inserting cords, cables and other removable storage devices to avoid damage to the Chromebook/laptop ports.
- 9) Do not expose your Chromebook/laptop to extreme temperatures, direct sunlight, or ultraviolet light for extended periods of time. Extreme heat or cold may cause damage to the Chromebook/laptop.
- 10) A label has been applied to your Chromebook/laptop for ID purposes. Please do not place additional stickers/items on the device. Remember the Chromebooks/laptops are the property of Tonkawa Public Schools.
- 11) Keep your Chromebook/laptop away from magnets and magnetic fields, which can erase or corrupt your data. This includes but is not limited to large speakers, amplifiers, transformers, vacuum cleaners, and older television sets.
- 12) Always disconnect the Chromebook/laptop from the power outlet before cleaning.
- 13) Clean the screen and touch pad with lint-free, anti-static cloth. (Never clean the screen with glass cleaner.)
- 14) Wash hands frequently when using the Chromebook/laptop.
- 15) Do not pick up the Chromebook/laptop by the screen.
- 16) Avoid touching the screen with fingers, pens, pencils, or any sharp instrument.
- 17) Be careful not to leave pencils, pens or papers on the keyboard when closing the screen.
- 18) Do not leave the Chromebook/laptop in a vehicle for extended periods of time or overnight.
- 19) Never sit on the Chromebook/laptop.

Carrying the Chromebook/Laptop

- 1) All Chromebook/laptop and components should be carried in the Chromebook/laptop bag at all times.
- 2) Chromebooks/laptops should always be shut down or placed in standby mode/hibernate mode before being placed in the carrying case in order to prevent hard drive damage.
- 3) Always close the lid before moving or carrying the Chromebook/laptop.

- 4) Do not leave the Chromebook/laptop in visible sight in a vehicle.
- 5) Carefully unplug all cords, accessories, and peripherals before moving the Chromebook/laptop or placing it into a case.
- 6) Do not overload the Chromebook/laptop carrying case since this is likely to cause damage to the Chromebook/laptop. Textbooks, notebooks, binders, pens, pencils, etc. are not to be placed in the Chromebook/laptop carrying case.

Security

- 1) Do not leave Chromebooks/laptops in unsupervised areas. Unsupervised areas include but are not limited to the cafeteria, outdoor tables/benches, computer labs, buses, locker rooms, classrooms, gyms, dressing rooms, restrooms, hallways. Secure your Chromebook/laptop in your locker before going to a class in an unsecured area. In the event of a fire drill or other classroom evacuations, students should take the Chromebook/laptop and case with them.
- 2) Unsupervised or abandoned Chromebooks/laptops will be confiscated by staff.
- 3) Avoid using the Chromebook/laptop in areas where damage or theft is likely.
- 4) When students are not using the Chromebooks/laptops, Chromebooks/laptops should be stored in their secured lockers. Students are encouraged to take their Chromebooks/laptops home every day after school, regardless of whether or not they are needed. If a Chromebook/laptop is stored temporarily in a vehicle, it must not be visible from outside.
- 5) During after-school activities, students are still expected to maintain the security of the Chromebook/laptop. Students participating in sports events will secure the Chromebooks/laptops by locking them inside their student-assigned lockers.
- 6) Each Chromebook/laptop has identifying labels including the serial number and assigned student name. Students must not modify or destroy these labels.

Loaning Equipment to Others

Students may not lend Chromebooks/laptops or Chromebook/laptop components to others for any reason. This includes other family members. Parents/legal guardians may use the Chromebooks/laptops to assist their child who is assigned the Chromebook/laptop with homework and school assignments.

Power Management

- 1) It is the student's responsibility to recharge the Chromebook/laptop battery so it is fully charged at the beginning of each school day. Power outlets may not be accessible in classrooms for recharging.
- 2) Uncharged batteries or failure to bring the Chromebook/laptop to class will not be an acceptable excuse for late or incomplete work or inability to participate in class activities.
- 3) Be careful not to cause a tripping hazard when plugging in the Chromebook/laptop.
- 4) All students are required to carry their chargers (AC adapters) to school to recharge the battery if necessary.
- 5) Protect the Chromebook/laptop by using a surge protector whenever possible.

Conserving Battery Power

- 1) Use standby mode or hibernate mode throughout the day.
- 2) Dimming the brightness of the screen will extend battery run time.
- 3) For prolonged periods of inactivity, shut down the device.
- 4) Do not drain the battery down to 0%. Keep a well-charged battery at all times and plug in when needed.

VI. Software and File Management

General Information

- 1) Chromebooks/laptops come with a standardized software configuration. This configuration may be altered through approved processes only.
- 2) All software must be approved by Tonkawa Public Schools.
- 3) Do not change the computer name.
- 4) Do not change or remove operating system extensions.
- 5) Unapproved software, hardware, or additional plug-ins are not to be loaded on the Chromebooks/laptops.
- 6) The school does not accept responsibility for the loss of any data deleted due to re- imaging Chromebooks/laptops.

Music, Games, or Programs

The **Tonkawa Public Schools Responsible Use of Technology** and **Internet Safety Agreement** states that students are expected to comply with ethical-use guidelines and abide by federal copyright laws. Music, videos and games may not be downloaded, installed, or saved to the hard drive. Music and games can be disruptive during class and may not be brought to school unless the student has permission from the teacher for an educational project.

Deleting Files

Do not delete any folders or files that you did not create or that you do not recognize. Deletion of files could interfere with the functionality of the Chromebook/laptop.

Student Storage/Saving Files

Students are responsible for maintaining and backing up their files and documents. Any files saved to the Chromebook/laptop hard drive may be lost in the event of a hardware failure or may be removed during maintenance.

Students may back up to their user directory, external devices, such as a thumb drive, or students may back up to “cloud” storage on the web, such as Google docs. If the student Chromebook/laptop crashes and files are lost, it is the student’s responsibility to have the files saved elsewhere. Please note: “the computer crashed” is not an acceptable excuse for not turning assignments in on time.

Synchronizing Documents/Software Updates

Students must completely shut down Chromebooks/laptops at the end of each school day prior to leaving campus. Students must also restart Chromebooks/laptops when returning to campus each morning.

Screensavers/Wallpapers

If students choose to modify the standard wallpaper or screensaver, it must adhere to the standards and policies of Tonkawa Public Schools.

Sound

Chromebook/laptop sound will be muted at all times during school unless permission is granted from the teacher for instructional purposes. Headphones may be used in class with express permission from the teacher.

Printing

Help conserve our instructional resources by using print preview or digital transmission of work. Students must get permission from the teacher before printing. School network printing access will be available thirty minutes before classes begin at 8:05 and thirty minutes after school at 3:25 Monday through Thursday

VII. Email and Internet Use

Email and other Digital Communications Accounts

Students are provided an email account by the school. Email correspondence will be used for educational purposes only. Electronic communication coming from or going to the school-issued email account can and will be monitored to make sure the terms of the RUA are being followed. **Digital communications etiquette** is expected by all students using all school-provided communications accounts, sites, or applications including but not limited to wikis, blogs, forums, interactive video conferencing, podcasts, vodcasts, online training, online courses, and online collaboration sites.

Internet Use

As required by the **Children's Internet Protection Act (CIPA)**, an internet filter is maintained by the district for school and home use on the Chromebook/laptop. Filtering not only restricts access to unacceptable sites, but also restricts access to inappropriate materials of all kinds. Tonkawa Public Schools cannot guarantee that access to all inappropriate sites will be blocked.

No filter is as reliable as adult supervision! Log files are maintained on each laptop with a detailed history of all sites accessed. It is the responsibility of the user to appropriately use the Chromebook/laptop, network, and the Internet. Tonkawa Public Schools will not be responsible for any harm suffered while on the network or the Internet.

Students are required to notify a teacher or administrator if they access information or messages that are inappropriate, dangerous, threatening, or that make them feel uncomfortable.

Internet Safety

As a part of Tonkawa Public Schools curriculum, students will be instructed about appropriate online behavior, including interacting with other individuals on social networking web sites and in chat rooms.

Lessons will also be provided to create an environment free of cyber-bullying

- 1) Immediately report any unauthorized activity on the network or Internet.
- 2) Notify a teacher immediately if you accidentally access an inappropriate site.
- 3) Never read someone else's email or open their files or folders.
- 4) Never use or transmit anything with racist, abusive, threatening, demeaning, slanderous, objectionable, sexually explicit, or inflammatory content.
- 5) Never arrange to meet an Internet contact in person.
- 6) Observe all copyright laws; do not claim authorship of work copied from a web site or from any other source; accurately cite sources of information.
- 7) Protect your user account by keeping your password secure and logging off or locking when not using the device. All email, network, and Internet activity is the responsibility of the individual whose account is logged in to the device at the time of the activity. If your account is logged in you are responsible. Keep your password a secret!
- 8) Protect personal information. Never give full name, addresses, phone numbers, passwords, and social security numbers for yourself and others. Use a "code name" that does not identify you personally to online viewers/organizations you do not know.

- 9) Avoid online sites and materials that do not support the curriculum or are otherwise inappropriate for educational use.

Off-campus Internet Use

Tonkawa Public Schools will not serve as a home Internet service provider. However, the district will provide Internet filtering for the Chromebooks/laptops while connecting to the Internet away from school. It is the responsibility of the parent or guardian to monitor student Chromebook/laptop use, especially Internet access, in the home.

Tonkawa Public School is not responsible for providing internet access outside of school. The ability to access the internet from home varies from situation to situation. No guarantee is implied.

VIII. Monitoring Chromebook/Laptop Usage

Monitoring and Supervision

Tonkawa Public Schools engages students in an Internet Safety program and instructs students in making appropriate choices regarding Internet use, content evaluation and web site selection. Tonkawa Public Schools also takes technical measures to filter internet access to protect students from inappropriate content. School-district personnel supervise student use of technical resources, including Internet browsing. These measures are in place to protect students and help them become informed consumers of internet content. However, no technical measure or human supervision is failsafe. While we are committed to protecting our students, we acknowledge students may access inappropriate content, intentionally or accidentally. Ultimately it is the responsibility of the student to practice internet safety measures and use the resources to access appropriate educational resources.

Tonkawa Public Schools does not recommend that students use Chromebooks/laptops in an unsupervised or isolated setting while off campus. Tonkawa Public School recommends students use Chromebooks/laptops in plain view of parents, guardians, or other adult family members.

Students will provide access to the Chromebook/laptop and any accessories assigned to them upon request by the school or district. A search of the Chromebook/laptop and student files may be conducted if there is suspicion that any policies, procedures, or guidelines have been violated. Faculty and staff have the ability to remotely monitor student computer use while at school.

Privacy

There is no expectation of privacy regarding the contents of computer files or communication using any school-owned computer or network. Tonkawa Public Schools reserves the right to investigate, review, monitor, and restrict information stored on or transmitted via Tonkawa Public Schools' equipment. Parents, guardians, and students do not have the right or expectation of privacy for any use of school-owned Chromebooks, laptops, computers, or other equipment.

School-system personnel may conduct an individual search of the Chromebook/laptop, files, music, videos, emails or other related items. The district will cooperate fully with local, state, or federal officials in investigations of suspected illegal activities conducted through district-owned computer systems.

Passwords

Students should log in only under their assigned username and password. Students should not share their passwords with other students. Students are not to activate any passwords on the Chromebook/laptop such as start-up (BIOS), hard drive, or file system passwords.

Copyright Compliance

All students are expected to adhere to federal copyright laws. The following guidelines will help students be in compliance:

- 1) "Copyright" is legal protection for creative intellectual works, which is broadly interpreted to cover virtually any expression of an idea.
- 2) Text (including email and web information), graphics, art, photographs, music, and software are examples of types of works protected by copyright.
- 3) Copying, distributing, downloading, and uploading information on the Internet may infringe the copyright for that information.
- 4) Even an innocent, unintentional infringement violates the law.

See Appendix E for additional information about Copyright and Fair Use Guidelines.

Social Networking

Social Networking activities will only be used when assigned by and supervised by a teacher for academic purposes. Students will avoid posting personal information online; will understand that postings are permanent; and will exercise mature and responsible conduct at all times while online, both on and off campus.

Chromebook/Laptop Inspections

Students may be randomly selected to provide the Chromebook/laptop for inspection. Students with damaged Chromebooks/laptops who fail to report the damage will be subject to additional fines and disciplinary action.

IX. Student Responsibilities

Students are responsible at all times for the Chromebooks/laptops, whether at school or off campus. The student assigned the Chromebook/laptop is responsible for all use of the device. Unsupervised Chromebooks/laptops will be confiscated by staff and taken to the Building Principal. Students must see an administrator in order to receive the unsupervised Chromebook/laptop. Disciplinary action may be taken for repeat offenders.

Students are required to bring the Chromebook/laptop to school each day with a fully-charged battery. Students must bring the Chromebook/laptop to all classes, unless specifically instructed not to do so by their teacher. A Chromebook/laptop left at home is not an acceptable excuse for not submitting work; a reduction in a grade may be given. A lost document is not an excuse for late or missing work. Students leaving Chromebooks/laptops at home will be required to complete assignments using alternate means determined by the teacher. **Students will not be given the use of a loaner Chromebook/laptop if he or she leaves the device at home.** Disciplinary action may be taken for students who repeatedly leave a Chromebook/laptop at home.

Users are responsible for their actions and activities involving school-owned computers, networks and internet services, and for their files, passwords, and accounts on school-owned equipment. Students must ask for assistance if they do not know how to operate technology that is required in a class. Students are responsible for their ethical and educational use of all computer hardware and software. Students should monitor all activity on their account(s) and report anything suspicious to a teacher. Students who identify or know about a security problem are required to communicate the security problem to their teacher without discussing it with other students.

The right to use a Chromebook/laptop at home is a privilege. If students do not adhere to Tonkawa Public Schools' Responsible Use of Technology and Internet Safety Agreement, all Board policies, and the guidelines in this Student Chromebook/Laptop Handbook, the privilege to use the Chromebook/laptop at home may be restricted or eliminated.

The same rules and expectations for student conduct also apply to student use of computers. Intentional misuse or neglect can result in loss of Chromebook/laptop use, disciplinary action, and/or fines for any needed repairs or maintenance. The school principal will have final authority to decide appropriate disciplinary action if students are found to be responsible for any unacceptable activity.

X. Unacceptable Behavior

Unacceptable conduct includes, but is not limited to the following:

- 1) Using the network for illegal activities, including copyright violations;
- 2) Accessing online sites or materials that do not support the curriculum or are inappropriate for school purposes while on campus;
- 3) Downloading inappropriate materials, viruses, or software;
- 4) Using or possessing hacking or file-sharing software, including keystroke loggers, batch files, or applications used to bypass Chromebook/laptop or network security;
- 5) Gaining unauthorized access anywhere on the network including attempting to log onto the Internet, network, servers, routers, switches, printers, or firewall as a system administrator;
- 6) Using the Chromebook/laptop or network for financial gain, advertising, or political influence;
- 7) Vandalizing or tampering with equipment, files, software, system performance, or other network equipment;
- 8) Attempting to repair, remove or install computer hardware or software;
- 9) Opening the Chromebook/laptop to access internal parts;
- 10) Causing network congestion or interfering with the work of others, including sending chain emails or broadcast messages;
- 11) Subscribing to mailing lists, mass emails, games, or other services that cause network congestion;
- 12) Intentionally wasting finite Internet or network resources, including downloading files, streaming music, videos, or games or installing, activating, or creating programs that interfere with the performance of the network, Internet, or computer hardware;
- 13) Revealing, sharing, or posting personal information including full names, addresses, phone numbers, social security numbers, driver's license numbers, or passwords for yourself or others;
- 14) Invading the privacy of others;
- 15) Using another person's username or password, or allowing another to access your account using your username or password;
- 16) Pretending to be someone else when sending or receiving messages;
- 17) Using email other than the school-issued email account, on school-owned equipment;
- 18) Forwarding or distributing inappropriate email messages;
- 19) Engaging in harassment or transmitting obscene messages, pictures, websites, or other files including racist, terrorist, abusive, sexually explicit, vulgar, threatening, stalking, demeaning, slanderous, or any other inflammatory content;
- 20) Utilizing sites to sell or purchase written papers, book reports, and other student work, or to commit any act of plagiarism;
- 21) Using unauthorized technology to gain advantage on assessments by providing or receiving information not allowed by the instructor or that is unavailable to other students;

- 22) Assisting, observing, or joining any unauthorized activity using the Chromebook/laptop, network, or Internet;
- 23) Accessing or attempting to access Internet sites not approved by district/teacher include non-educational chat rooms, instant messaging, or social networking sites and including MySpace, Facebook, YouTube and other sites that could expose students to harm or distract from engagement in academic and school-related pursuits;
- 24) Attempting to disable or circumvent Tonkawa Public Schools' Internet content filter and firewall, or attempting to use proxies to access sites that would otherwise be restricted;
- 25) Falsifying permission or identification information;
- 26) Copying or modifying files, data, or passwords belonging to others, or using technology to circumvent doing your own work for your courses;
- 27) Knowingly placing a computer virus on a computer or network (additionally, legal charges may be filed);
- 28) Writing, drawing, painting, defacing, or placing stickers or labels on school-owned Chromebooks/laptops or Chromebook/laptop accessories, or causing other intentional damage;
- 29) Attempting to alter data or the configuration of a Chromebook/laptop or the files of another user will be considered an act of vandalism and subject to disciplinary action;
- 30) Accessing or attempting to access the wired or wireless network with any device that is not property of Tonkawa Public Schools. *Note: Students are not to bring their personal laptop computers to school. Only Tonkawa Public Schools computers may be used on campus;*
- 31) Presence of images of guns, weapons, pornographic materials, inappropriate language, alcohol, drugs, or gang-related symbols are subject to disciplinary action;
- 32) **Cyber-bullying** in any form is unacceptable. Students will not engage in any cyber- bullying activity, which may include efforts to harass, threaten, torment, embarrass or intimidate students or school staff through the use of a computer or Chromebook/laptop. In situations in which cyber-bullying originates from off-campus conduct, but is brought to the attention of school officials, any disciplinary action will be based upon whether the conduct is determined to be materially and substantially disruptive of the school environment or have a direct and immediate effect on school safety or on maintaining order and discipline in the schools. Discipline for cyber-bullying will be handled on a case by case basis as deemed appropriate by the school principal. In addition, if a criminal act has been committed, it will be reported to local law enforcement. Refer to Tonkawa Public Schools' Board Policies;
- 33) Students will comply at all times with Board policies, the Responsible Use of Technology and Internet Safety Agreement, and this Chromebook/Laptop Handbook.

Consequences

Consequences for non-compliance with the policies and procedures in these documents include disciplinary actions and financial responsibilities. Any failure to comply may immediately end the student's right to access the Chromebook/laptop, or other devices or services. The student will also be subject to disciplinary action as set out in the Tonkawa Public School Student Handbook. The school principal will have authority to decide appropriate consequences regarding non-compliance. Tonkawa Public Schools cooperates fully with local, state, and federal law enforcement for computer crimes recognized under Oklahoma General Statutes.

***NOTE: The principal has the discretion to permanently confiscate the Chromebook/laptop from the student at any time.**

XI. Technical Support and Repairs

If a student has a technical problem he or she should report the problem as completely as possible recording any error messages, exactly what the student was doing at the time, and the software being used when the problem occurred. All repairs will be performed or managed by school district personnel. Parents, guardians, students, or teachers are not allowed to attempt repairs themselves or contract with any other individual or business to repair any school-owned computer equipment. Every effort will be made to repair or replace the Chromebook/laptop in a timely fashion.

Services provided include the following:

- Hardware or software maintenance and repairs
- User account support
- Operating system and software support
- Hardware support
- Updates and software installations
- Warranty repairs
- Managing laptop tracking service
- Basic troubleshooting

Help Desk Procedures:

1. Student identifies a problem.
2. The student reports the problem to the Technology Help Desk via the school website.
3. The student will be contacted by an individual from the Help Desk to remedy the problem.
4. If necessary, the student will check in the Chromebook/laptop, including the charger. The Help Desk staff will check out a loaner Chromebook/laptop to the student.
5. When the Chromebook/laptop is fixed, the Help Desk will contact the student. It is the student's responsibility to return the loaner and charger to the Help Desk prior to receiving their original assigned Chromebook/laptop.

XII. Warranties, Damages, and Theft

Hardware Warranty

Tonkawa Public Schools has a warranty with each laptop that covers repair/replacement of the laptop chassis, LCD screen, hard drive, and mother board for damage caused by manufacturer defect. Repeated incidents of repair/replacement by an individual will result in disciplinary measures and the parent, guardian, or adult student may be liable for costs. Students shall report all laptop issues to a teacher or the Technology Help Desk. All technical incidents should be entered into the help ticket system. All behavior incidents will be recorded by school officials.

Damage not covered by warranty

Replacement of repair fees will be charged for damaged laptops, chargers, batteries, and carrying cases. Damages to the laptops not covered by the hardware warranty and all peripherals will be assessed on a cost of replacement fee.

Parent Liability

The parent, guardian, or adult student will be responsible for compensating the school district for any losses, costs, or damages which are not covered by the warranty or the property insurance coverage, possibly including

the laptop's full replacement cost. Students with damaged laptops who fail to report the damage may be subject to additional fines and disciplinary action.

Theft

Incidents of theft occurring off campus must be reported to the police by the parent or student, and a copy of the police report must be brought to the school within 48 hours to be given to the school principal. Any theft occurring on school grounds must be immediately reported to the building principal.

Be prepared to provide the following information when reporting a theft:

1. Chromebook/Laptop Serial Number, Manufacturer and Model
2. Date and address of theft
3. Complete details of theft
4. Police File Number, Officer's Name and Police Agency Information

NOTE: It is important to complete all these steps immediately after the theft. Filing a false police report is punishable by law.

The district will work with the police department to report all model, asset, and serial numbers of stolen or lost Chromebooks/laptops to local pawn shops and area law enforcement agencies.

XIII. Parent Expectations

1. Remember that while the school system will provide Internet content filtering, ***there is no substitute for parental supervision when using a computer.***
2. Monitor student use of the Chromebook/laptop and Internet at home.
3. Ensure your child understands and adheres to Chromebook/laptop and Internet policies and guidelines set forth in the ***TONKAWA PUBLIC SCHOOLS Chromebook/Laptop Handbook.***
4. Sign a copy of the Chromebook/Laptop Agreement that you will find at the end of this handbook.
5. Reimburse the school district for any costs incurred or fines assessed due to misuse, neglect, damage, or loss, including theft, if not otherwise covered by warranty or insurance, up to the full replacement cost of the Chromebook/laptop.
6. Review Tonkawa Public Schools' **Responsible Use of Technology and Internet Safety Agreement** and this **Chromebook/Laptop Handbook** with your child.
7. Assist your child who is assigned the Chromebook/laptop with homework and school assignments. The purpose of the Chromebook/Laptop Initiative is to help students learn. Student use of the Chromebook/laptop for learning is the most important priority of the Chromebook/Laptop Initiative.
8. Ensure the return of the Chromebook/laptop and all accessories before the student withdraws from school.

XIV. Appendix

A. Terms of Agreement

Tonkawa Public Schools will hold the legal title to the Chromebook/laptop and all accessories. Right of possession and use is limited to and conditioned upon full and complete compliance with all Board Policies and Procedures, including Responsible Use of Technology and Internet Safety Administrative Procedure; Responsible Use of Technology and Internet Safety; Copyright

Compliance Policy, Integrity and Civility and other guidelines outlined in this **Chromebook/Laptop Handbook**. Tonkawa Public Schools does not guarantee that its technology resources will be uninterrupted or error-free. Access to the network is provided on an “as is” basis without warranties of any kind. In the rare case that the network is down, neither Tonkawa Public Schools nor any of its agents or employees will be responsible for lost or missing data.

The right to use and possess the Chromebook/laptop and all peripherals terminates no later than the last day of the school year unless earlier terminated by the district or upon removal from the school through withdrawal, suspension, expulsion, or transfer. Failure to return the Chromebook/laptop on or before this date to the school principal or designee will result in criminal charges being sought against the student, parent, and/or the person who has the Chromebook/laptop. The Chromebook/laptop remains the property of Tonkawa Public Schools and cannot be loaned, sold, bartered, traded, leased, rented or given to any other person(s). Failure to return the Chromebook/laptop and peripherals for annual repair and maintenance will result in a certified letter sent to the parent or adult student* indicating items not returned. The parent or adult student* will have five (5) days to return the items or pay replacement costs, or this failure to comply may be referred to local law enforcement. The parent or adult student* can be charged with theft. Tonkawa Public Schools reserves the right at any time to require the return of the Chromebook/laptop. Students may be subject to loss of privileges, disciplinary action and/or legal action in the event of damage to or loss of the Chromebook/laptop or violation of Board policies and guidelines as outlined in this Chromebook/Laptop Handbook.

Modification to Program Tonkawa Public Schools reserves the right to revoke or modify this Chromebook/Laptop Handbook, and/or its policies and procedures at any time.

*Students who are 18 years or older or who are legally deemed emancipated minors are considered adult students. All legal, ethical, and financial obligations are the responsibility of an adult student.

District Liability Tonkawa Public Schools assumes no liability for any material accessed on the Chromebook/laptop.

B. Parent Agreement

(A signed copy of this form must be turned in to the Elementary or Mid-High School Office.) We are excited to be able to provide your student with a Chromebook/laptop while he or she is enrolled at Tonkawa Public Schools. *These Chromebooks/laptops are to be used by the student for learning purposes only and are the property of Tonkawa Public Schools.* Please note the following conditions of the program:

Parents or students will file a police report in case of theft, vandalism, and other acts that occur away from the school campus. If a Chromebook/laptop is lost or stolen due to proven negligence as determined by state insurance officials, parents may be responsible for full replacement costs (approximately \$500.) Chromebooks/laptops that are not returned when a student leaves, transfers, or withdraws from school will be considered stolen. The procedures outlined in the Tonkawa Public Schools Parent/Student Chromebook/Laptop Handbook will be followed and theft charges will be filed.

Please read the Tonkawa Public Schools Parent/Student Chromebook/Laptop Handbook carefully with your child. Be sure that both you and he/she understand the guidelines for this program. Failure to comply with all guidelines, terms and expectations in the Tonkawa Public Schools Parent/Student

Chromebook/Laptop Handbook, the Responsible Use of Technology and Internet Safety Agreement, and Tonkawa Public Schools Board policies and procedures may subject you to financial responsibility for costs, fees, fines and other monetary consequences.

Yes, I have received and read a copy of the **Tonkawa Public Schools Parent/Student Chromebook/Laptop Handbook** and understand the conditions of the program. I have also received and read the **Tonkawa Public Schools Responsible Use of Technology and Internet Safety**.

C. Student Agreement

(A signed copy of this form must be turned in to the Elementary or Mid-High School Office.)

- 1) I understand the Chromebook/laptop is property of Tonkawa Public Schools and is assigned to me.
- 2) I will use the Chromebook/laptop appropriately for school purposes.
- 3) I will care for the Chromebook/laptop assigned to me and not leave it unsupervised or in unsecured locations.
- 4) I will not loan the Chromebook/laptop to another individual.
- 5) I will charge the Chromebook/laptop battery before each school day.
- 6) I will not use the Chromebook/laptop near food or drinks.
- 7) I will not disassemble any part of the Chromebook/laptop or attempt any repairs.
- 8) I will carry the Chromebook/laptop in the carrying case provided by the school.
- 9) I will not place stickers, drawings, markers, etc. on the Chromebook/laptop. I will not deface the serial number sticker on the Chromebook/laptop.
- 10) I understand that the Chromebook/laptop and its contents may be inspected at any time because it is school property.
- 11) I agree to return the Chromebook/laptop, carrying case, power cord, charger, charger cable, network cable and any other accessories assigned to me when requested in good working condition.
- 12) I will follow the policies, procedures, and guidelines outlined in the Tonkawa Public Schools Parent/Student Chromebook/Laptop Handbook and the Responsible Use of Technology and Internet Safety Agreement at all times.

D. TONKAWA PUBLIC SCHOOLS STUDENT RESPONSIBLE USE OF TECHNOLOGY AND INTERNET SAFETY AGREEMENT (in accordance with Children's Internet Protection Act [CIPA])

PURPOSE: Tonkawa Public Schools provides all students on campus access to the Internet, network resources, email accounts and/or laptop computers at designated grade levels, as a means to promote achievement and provide diverse opportunities during the educational experience. This agreement provides guidelines and information about the limitations that the school imposes on use of these resources. *Tonkawa Public Schools Board of Education Policy ("Internet Usage Policy Terms and Conditions for Use of Internet") requires that "the parent and student must sign a consent form acknowledging that the student user is responsible for appropriate use of the Internet and consenting to the school system monitoring the student's e-mail communication and use of the Internet." Signing this Responsible Use Agreement signifies compliance with Board Policy, required for the use of any school computer, including Chromebook/laptop, as well as agreement with the higher standards in this document.* Additional rules may be added as necessary and will become a part of this agreement.

TERMS OF THE RESPONSIBLE USE OF TECHNOLOGY AND INTERNET SAFETY AGREEMENT

Specifically, the student:

- Will adhere to these guidelines each time the Tonkawa Public Schools equipment or online resources are used at home and school.
- Will make available for inspection by an administrator or teacher upon request any messages or files stored or information accessed, downloaded, or transferred using district-owned technology.
- Will use appropriate language in all communications avoiding profanity, obscenity and offensive or inflammatory speech. Cyber Bullying such as personal attacks and/or threats on/against anyone made while using district-owned technology to access the Internet or local school networks are to be reported to responsible school personnel. Rules of netiquette should be followed conducting oneself in a responsible, ethical and polite manner.
- Will follow copyright laws and should only download/import music or other files to a district-owned technology that he/she is authorized or legally permitted to reproduce, or for which he/she has the copyright.
- Will never reveal identifying information, files or communications to others through email or posts to the Internet.
- Will use only school-assigned email for academic purposes and understand that this email is not private.
- Will participate in social networking activities only as assigned and supervised by a teacher; will avoid posting personal information online; will understand that postings are permanent; will exercise mature conduct at all times while online.
- Will not attempt access to networks and other technologies beyond the point of authorized access. This includes attempts to use another person's account and/or password.

- Will not share passwords or attempt to discover passwords. Sharing a password could make you liable if problems arise with its use and subject you to disciplinary action.
- Will not download and/or install any programs, files, or games from the Internet or other sources onto any district-owned technology. This includes the intentional introduction of computer viruses and other malicious software.
- Will not tamper with computer hardware or software, unauthorized entry into computers, and vandalism or destruction of the computer or computer files. Damage to computers may result in felony criminal charges.
- Will not attempt to override, bypass or otherwise change the Internet filtering software or other network configurations.
- Will use technology for school-related purposes only during the instructional day while refraining from use related to commercial, political or other private purposes.
- Will not make use of materials or attempt to locate materials that are unacceptable in a school setting. This includes, but is not limited to pornographic, obscene, graphically violent, or vulgar images, sounds, music, language, video or other materials. The criteria for acceptability is demonstrated in the types of material made available to students by administrators, teachers, and the school media center. Specifically, all district-owned technologies should be free at all times of any pornographic, obscene, graphically violent, or vulgar images, sounds, music, language, video or other materials (files). Students shall inform staff in the event of inadvertent access of inappropriate material.
- Will not connect any personal technologies such as laptops and workstations, wireless access points and routers, printers, etc. to district-owned and maintained local, wide or metro area network. Connection of personal devices such as iPods, smart phones, PDAs and printers is not supported by Tonkawa Public Schools technical staff. Home Internet use and cost is the responsibility of the student both in cost and configuration. Dial-up is not an option as recent Chromebook/laptop configurations do not include modems.
- Will keep district Chromebooks/laptops secure and damage free. Each Chromebook/laptop that is issued to be used off campus comes with a protective case. If a Chromebook/laptop is issued to an individual student, use of provided Chromebook/laptop case is required at all times. Follow the guidelines in the *Tonkawa Public Schools Parent/Student Chromebook/Laptop Handbook*.
- Will back up data and other important files regularly. Tonkawa Public Schools will at times perform maintenance on the Chromebooks/laptops. All files not backed up to server storage space or other storage media will be deleted during these processes. Students are encouraged to back up all personal files on their own storage media as needed.

By signing this I agree to abide by the conditions listed above and assume responsibility for the care and proper use of Tonkawa Public Schools technology, including personally backing up personal data. Tonkawa Public Schools is not responsible for any loss resulting from delays, non-deliveries, missed deliveries, lost data, or service interruptions caused by user errors, omissions or reasons beyond the district's control. Information obtained via the Internet and other sources using Tonkawa Public Schools technologies is not guaranteed as to its accuracy or quality. I understand that should I fail to honor all the terms of this agreement, future Internet and other electronic media accessibility may be denied. Furthermore, I may be subject to disciplinary action outlined in the **Tonkawa Public Schools Student Handbook** and, if applicable, my Chromebook/laptop computer may be recalled. By signing below, I give permission for the school to allow my son or daughter to have access to the Internet under the conditions set forth above. Tonkawa Public Schools takes all reasonable precautions to ensure online safety including Internet content filtering and promotes proper use of our network resources. I understand that no Internet filter can block all inappropriate content. Under such circumstances, I understand that Tonkawa Public Schools cannot be held responsible for inappropriate content accessed or initiated by students using our network. I accept responsibility for my child's actions if he or she does not abide by this **Responsible Use Agreement**. Furthermore, I accept responsibility for guiding my child's Internet use, district email use off campus and for setting and conveying standards for my child to follow when exploring information and media.

As the parent/guardian, my signature indicates I have read and understand this Responsible Use of Technology Agreement, and give my permission for my child to have access to the described electronic resources.

E. Fair Use Guidelines

Copyright and General Guidelines of Fair Use

- “Fair Use” means students may use portions of lawfully acquired copyrighted works in their academic multimedia projects, with proper credit and citations. They may retain them in personal portfolios as examples of their academic work.
- Students and teachers must include on the opening screen of their programs and on any printed materials that their presentations have been prepared under fair use exemption of the U.S. Copyright Law and are restricted from further use.
- Fair use ends when the multimedia creator loses control of his product's use, such as when it is accessed by others over the Internet.
- Educators or students need not write for permission if their presentations fall within the specific multimedia fair use guidelines; however, "educators and students are advised to note that if there is a possibility that their own educational multimedia projects incorporating copyrighted works under fair use could later result in broader dissemination, whether or not as commercial product, it is strongly recommended that they take steps to obtain permission during the development process for all copyrighted portions rather than waiting until after completion of the project.

Text – you may use

- Up to 10% of a copyrighted work or 1000 words, whichever is less
- Poems
 - Entire poem if less than 250 words
 - 250 words or less if longer poem
 - No more than 5 poems (or excerpts) of different poets, from an anthology or Only 3 poems (or excerpts) per poet

Motion Media – you may use

- Up to 10% of a copyrighted work or 3 minutes, whichever is less
- Clip cannot be altered in any way
- A photograph or illustration may be used in its entirety
- No more than 5 images of an artist's or photographer's work
- When using a collection, no more than 10% or no more than 15 images, whichever is less

Music – you may use

- Up to 10% of a copyrighted musical composition, but no more than 30 seconds
- Up to 10% of a body of sound recording, but no more than 30 seconds
- Any alterations cannot change the basic melody or the fundamental character of the work

Internet – you may use

- Internet resources often combine both copyrighted and public domain sites; therefore, care should be used in downloading any sites for use in multimedia presentations
- Until further clarification, educators and students are advised to ~~write~~ for permission to use Internet resources and to be mindful of the copyright ramifications of including embedded additional links to that particular site

Numerical Data Sets – you may use

- Up to 10% or 2500 fields or cell entries, whichever is less, from a copyrighted database or data table
- A field entry is defined as a specific item of information (*e.g.* name, Social Security number) in a record of a database file
- A cell entry is defined as the intersection where a row and a column meet on a spreadsheet

Copying and Distribution Limitations

- Do not post multimedia projects claiming fair use exemption on an unsecured web site
- No more than 2 copies of the original production may be made
- Only 1 copy may be placed on reserve for others to use for instructional purposes
- An additional copy may be made for preservation purposes, but may be used or copied only to replace a use copy that has been lost, damaged, or stolen
- If more than one person has created the multimedia presentation, each principal creator may retain only one copy

Alteration Limitations

- Multimedia selections falling within the above guidelines may be altered to illustrate a specific technique or to support a specific instructional objective
- Notation of the alteration should be documented within the presentation itself

Multimedia Presentations Citations

- Educators and students must credit sources, giving full bibliographic information when available
- Educators and students must display the copyright notice and copyright ownership information if this is shown in the original source

F. Local Internet Access:

Students with no Internet access at home may use the free wireless networks found in a variety of locations in the area. A list of locations offering free Wi-Fi for high school students is available below:

Tonkawa

- Tonkawa Public Schools
Elementary and/or Mid-High
School Parking Areas
- Northern Oklahoma College
Campus
- Tonkawa Public Library

*Students may also have the capability of using their smart phone as a hotspot. However, data charges do apply. Please check your data plan with your cellular carrier before using this method. Tonkawa Public Schools cannot be held responsible for data charges that students may incur.
