Discharging Stations

For almost 30 years Helios has been developing, producing and supplying discharging stations for Octabins, Gaylords Boxes, Super Sacks and Bigbags. The OKTOMAT™ has revolutionized the unloading of plastic granules, powders, TPE's and even caps and closures.

Container Unloaders

Maximize your profits by shipping plastic resin in shipping containers with single container liner bags. Instead of always relying on expensive and hard to find tilting trailers, A-Ward Container Unloaders or Tilters allow for immediate and controlled unloading of shipping containers.
