

Testimonials
for the teaching
of our teacher.

The session to
Industry 4.0
students was
awesome.
Kuldeep Kaushik
is a fantastic
speakers. Thanks a
lot.

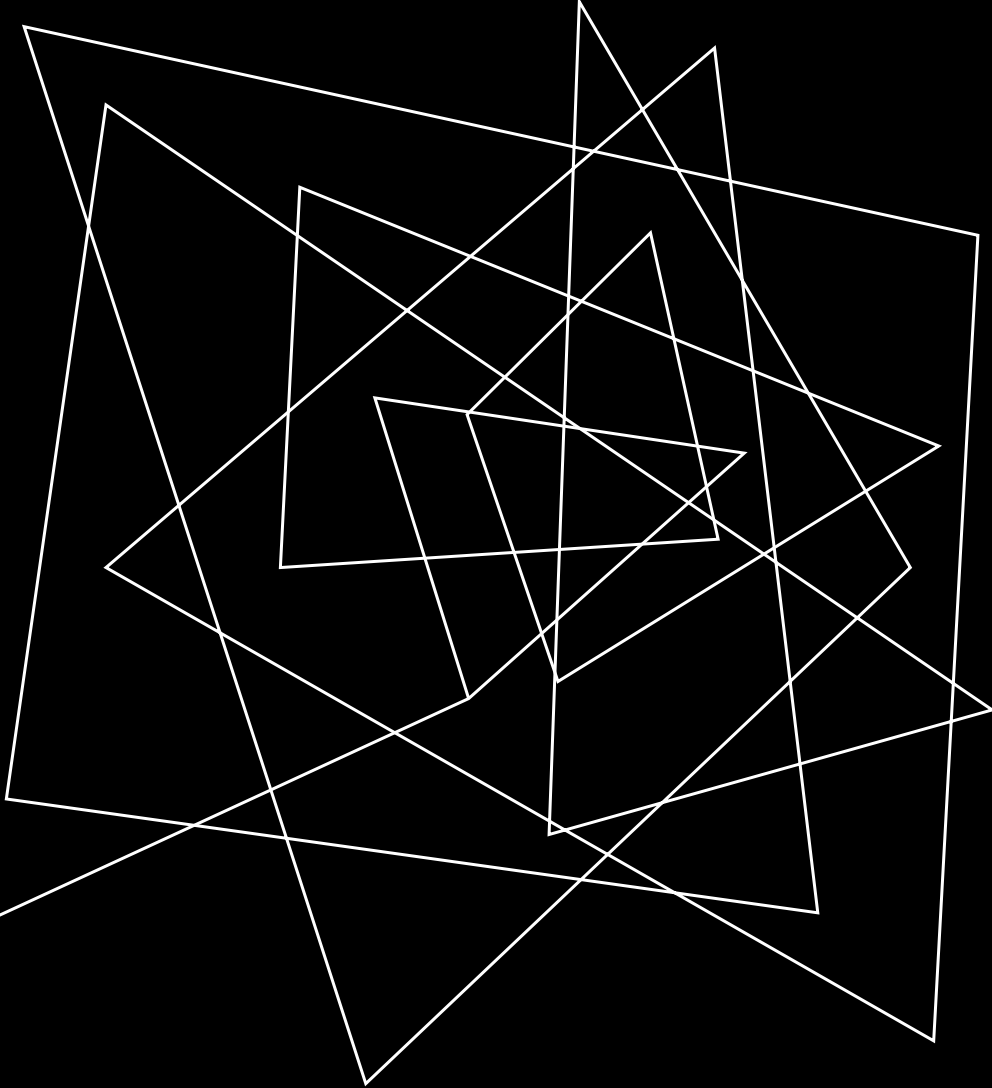

I really learnt a lot
of things from
today's session,
and I hope that I
will use the
knowledge for the
betterment of my
future.

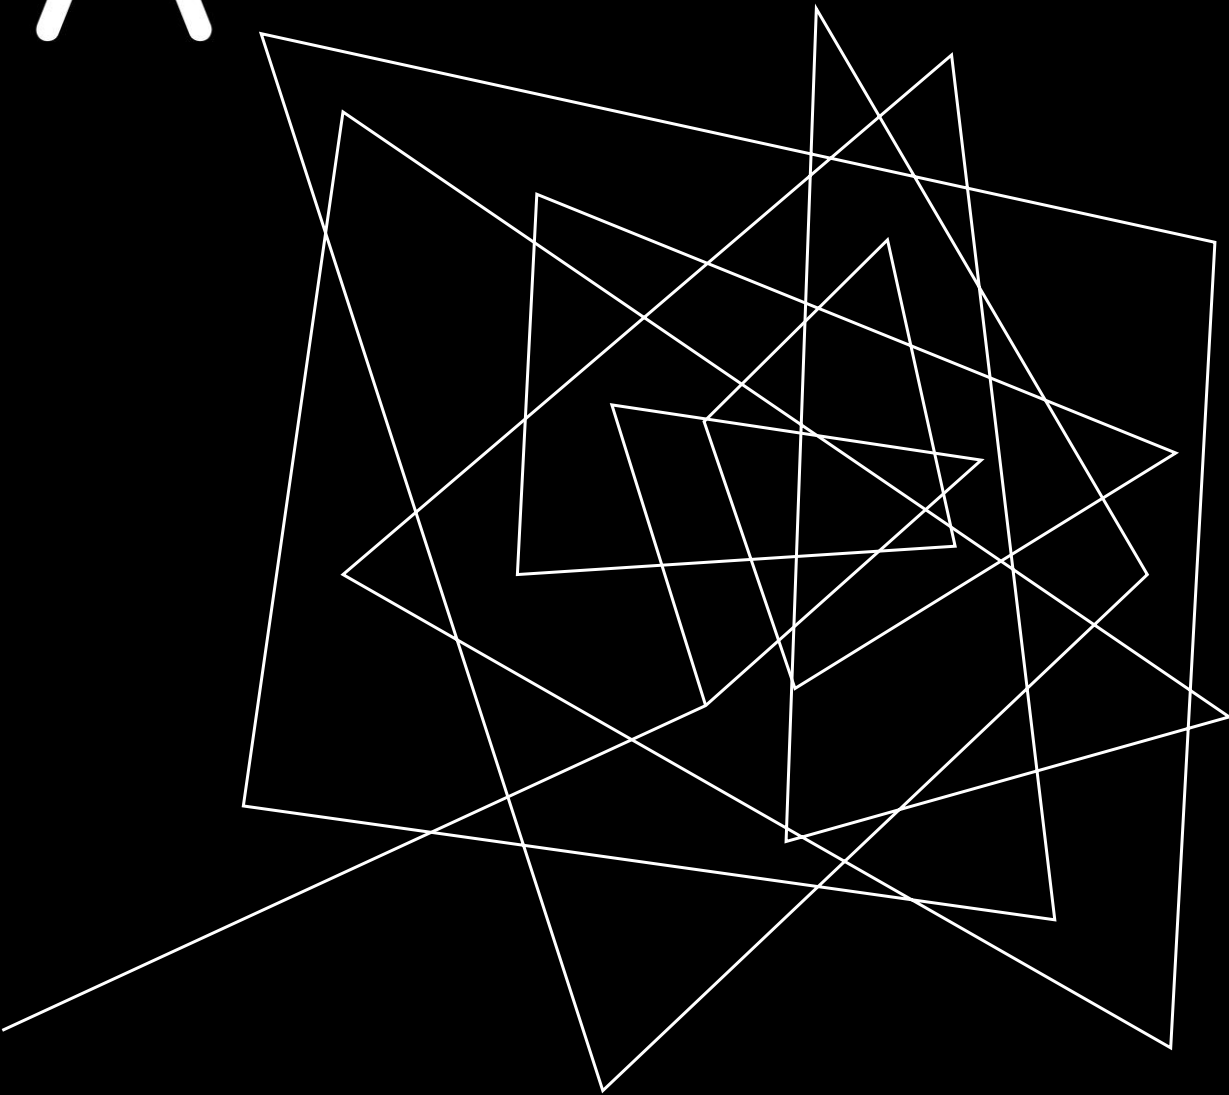

It was indeed an honour to have an expert like you for the webinar to BMU Students. The session was well received by the students and the topic covered kept them engaged the whole time. I must thank you for your support to carry out this series of guest lectures.

The course/subject "Fundamentals of Industry 4.0" and your topic of the webinar was very informative and aligned to the theme. I am hopeful that in future also you will be considering our request for such a session.

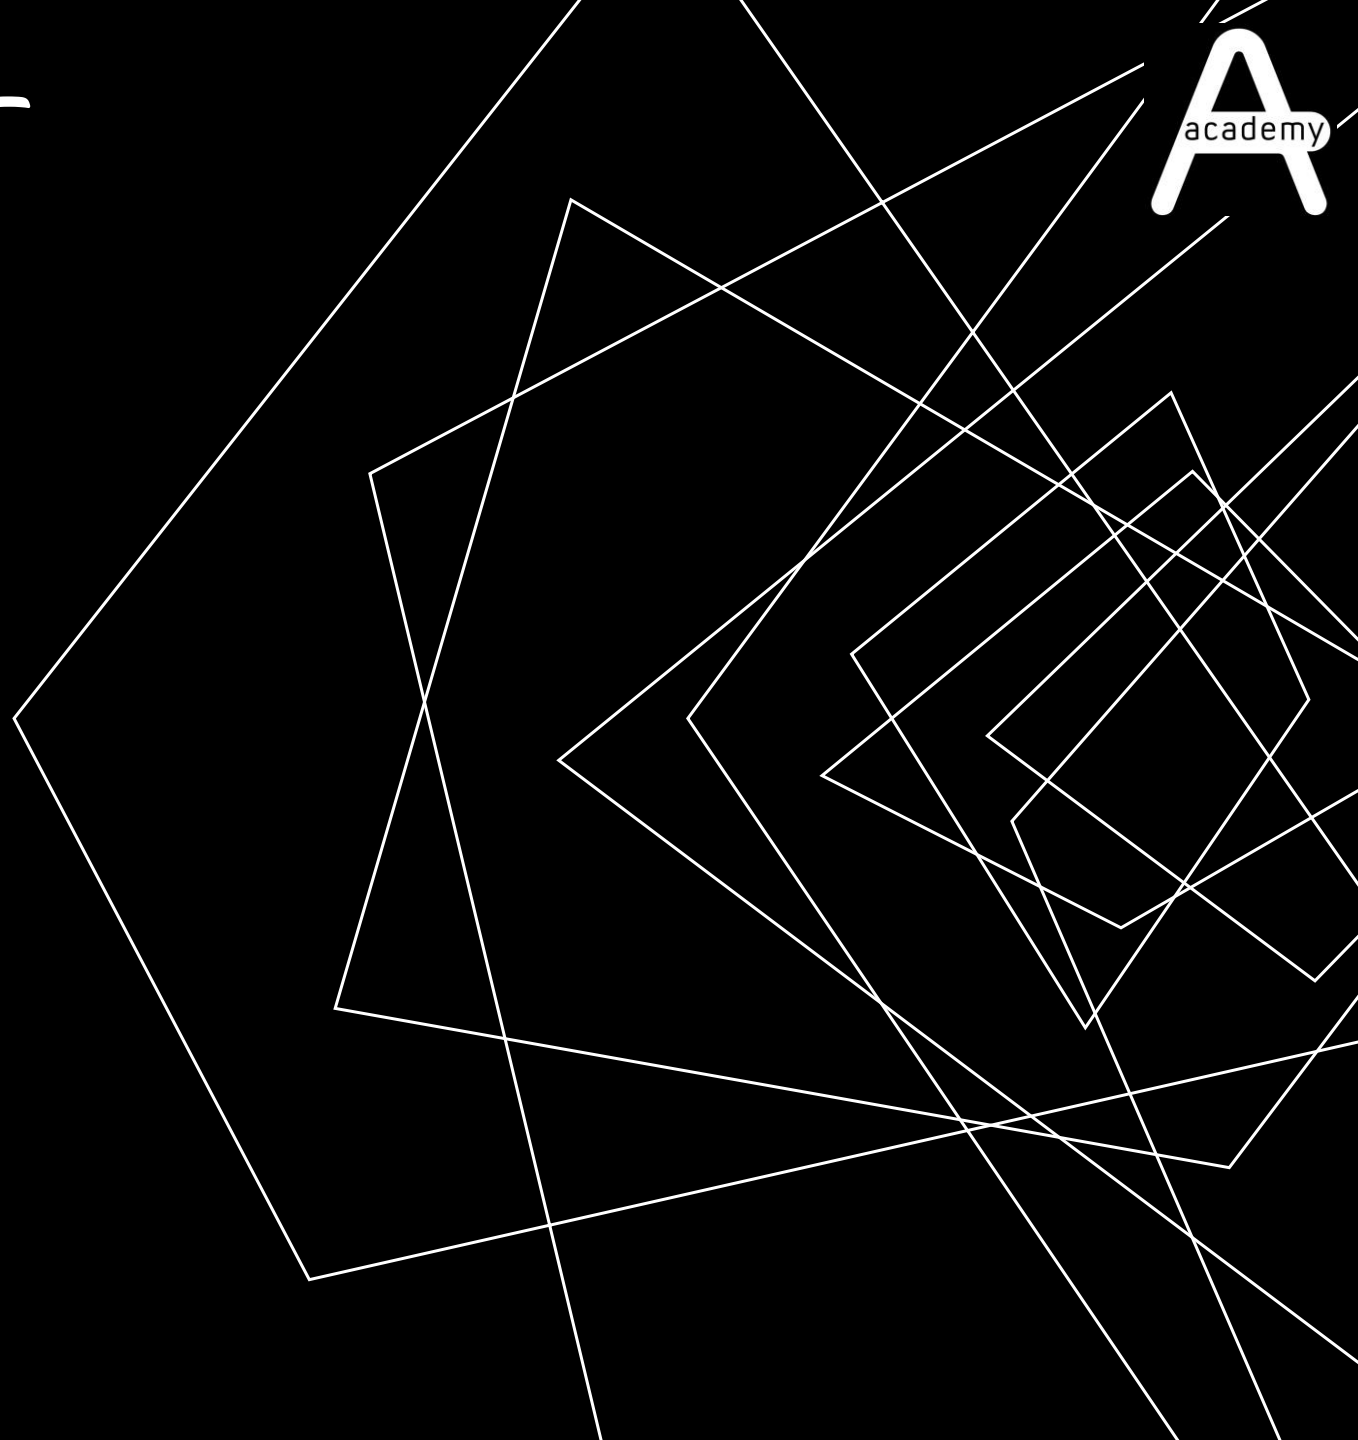

I personally thank
Kuldeep Kaushik,
for delivering a
wonderful speech
on Digital
Transformation
with case studies on
Wireless
Manufacturing.

Learning was a Fun.
Thanks a lot. Thank
you for giving such
a wonderful
kickstart to my
career in the world
of
telecommunication.

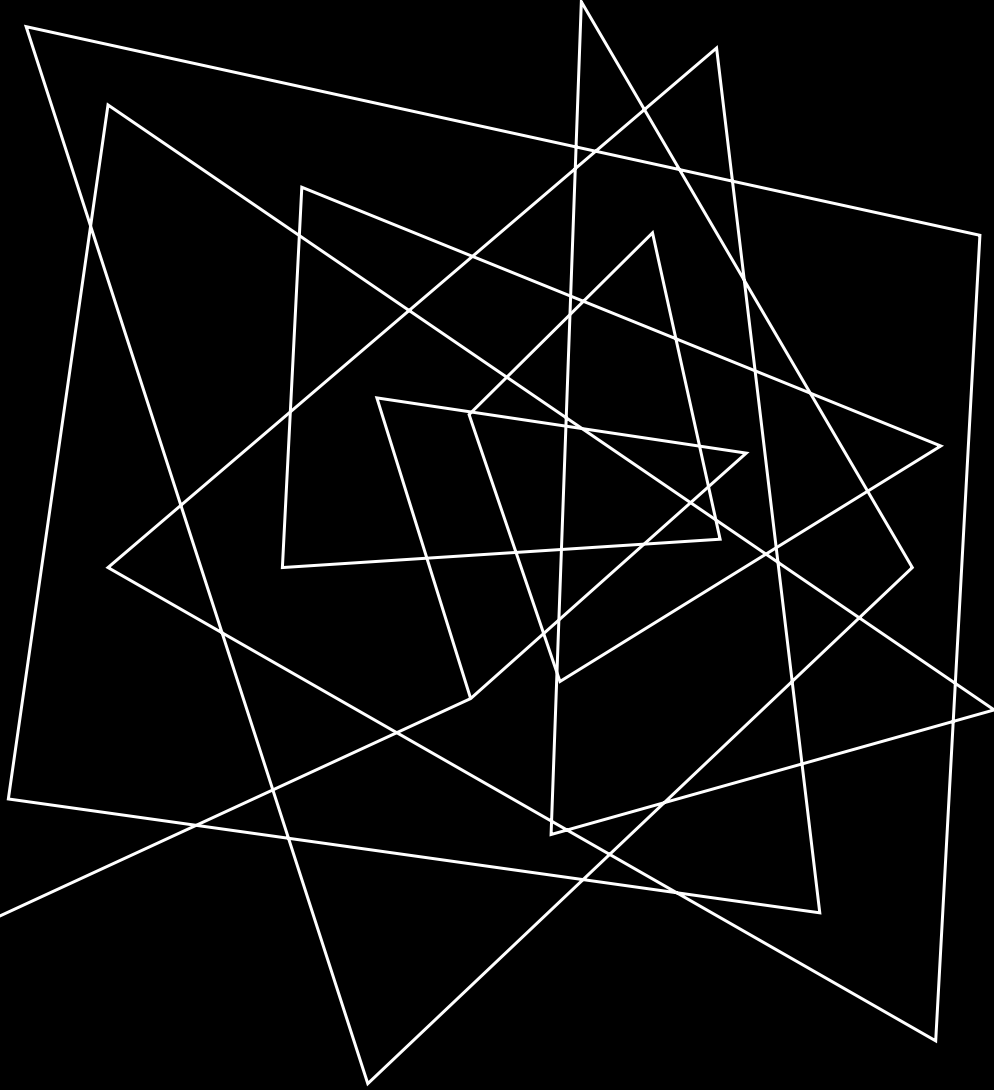

Thank you for
being an
integral part
of our
training. It
was a fun
experience.

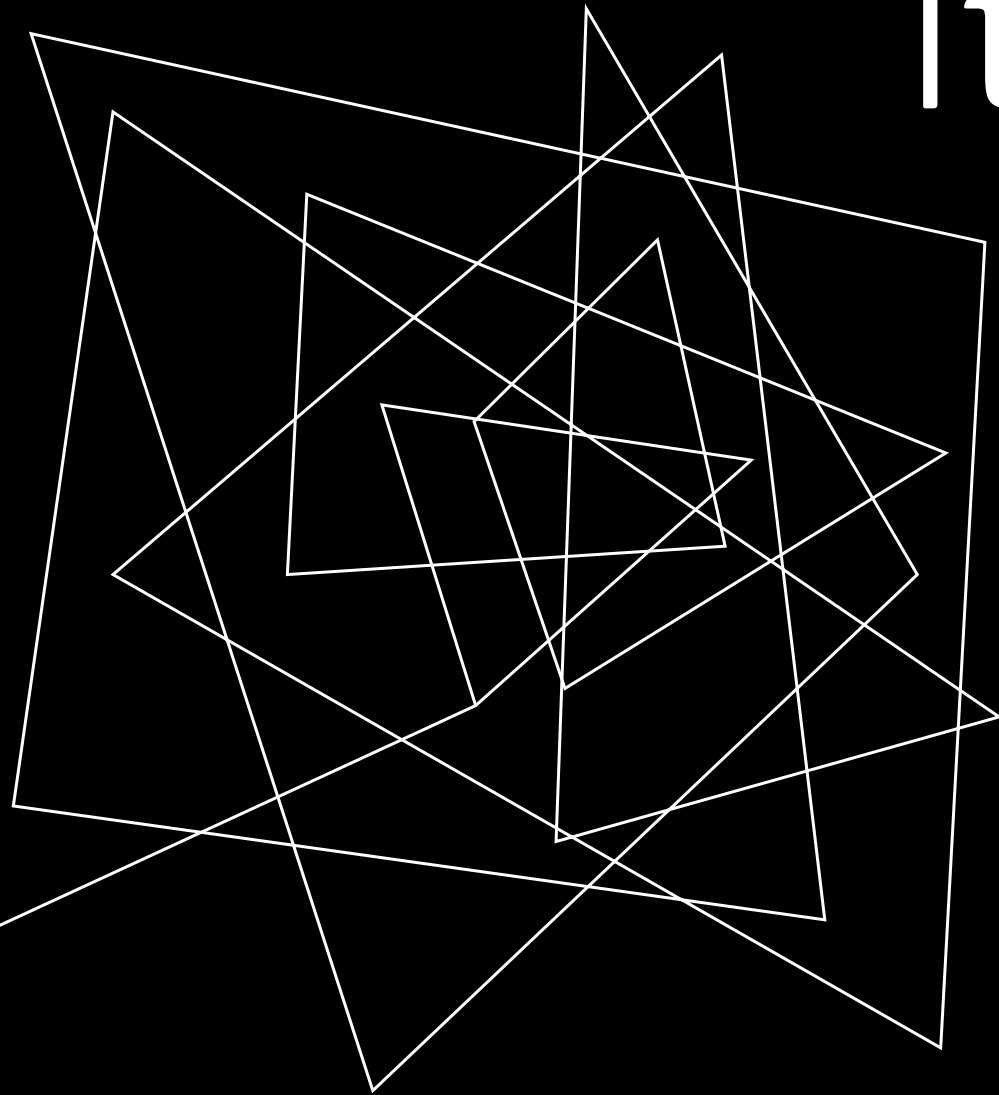

Learning was a fun.
Thank you, all
those practical
examples. You
made the
telecommunication
a lot more fun.

Thank you, Sir, for all the knowledge you provided us. Not only about the telecom but also about how to survive in corporate world. It was fun learning from you

Thank You.
For a person who
presented the
past, revelled the
present and
helped in creating
better future.

It was not a training. It was more of an experience. More than anything we learnt, how to learn continuously everyday. Never looked at you as a teacher, but as a teaching friend. Thank you, Sir and Keep Smile.

It was a great
start to my
career.
Enjoyed the
training.
