Los Angeles, CA 90089

Mary W. Yamashita, MD - National Principal Investigator

Cell:

Phone:

Email: Mary.Yamashita@med.usc.edu

Professional Information

Dr. Yamashita received her medical degree from USC Keck School of Medicine and completed her radiology training at the University of California, Irvine Medical Center. Following her residency training, she was recruited by the Marcia Ray Breast Center in Glendale, California where she served as the medical director for 5 years. In 2004, she moved on to become the Medical Director at the Patricia L. Scheifly Breast Health Center at Presbyterian Intercommunity Hospital in Whittier, California. While Dr. Yamashita enjoyed her experience in the private sector, she missed the challenges that only academic medicine could give to her and in 2006 she joined the faculty of the USC Keck School of Medicine.

Dr. Yamashita is currently the Director of the Mammography Division of the LAC+USC Comprehensive Health Center. She is involved in a variety of clinical research trials related to breast cancer. Her research involves the use of cutting edge technologies, including 3D Digital Breast Tomosynthesis, Contrast Enhanced Mammography and Automated Whole Breast Ultrasound and is the National Principle Investigator for a multi-center trial evaluating the SoftVue. One of her greatest satisfactions, comes from being a mentor to medical students and future radiologists as well as undergraduate and high school students who are interested in pursuing a career in the health care field.

Linda Hovanesian-Larsen, MD - Sub Investigator

Cell:

Office:

Email: lharsen@med.usc.edu

Professional Information

Upon completion of medical school, Dr. Hovanesian Larsen began her residency training in diagnostic radiology at UCLA and her fellowship training in breast imaging at Mount Sinai Medical Center in Miami, FL. She began her career working at the

(continued from previous page)

University of Miami Medical Center, specializing in breast imaging. She joined the faculty of the USC Keck School of Medicine in 1998, and became the director of outpatient mammography for the LAC+USC Medical Center and the director of woman's imaging for the Department of Radiology (DOR). She incorporated the USC DOR into the American College of Radiology Imaging Network (ACRIN), which is a national multi-center organization supported in part by the National Cancer Institute.

In addition to her full-time clinical responsibilities, she participates in local and national breast imaging meetings, lectures to the radiology residents, and is the director of the Women's Imaging fellowship at USC. She has received significant grant awards from the Susan G. Komen Breast Cancer Foundation and the Whittier Foundation. Her area of interest is new breast imaging modalities, including digital breast tomosynthesis, automated whole breast ultrasound, and contrast enhanced breast ultrasound.

Bhushan Desai - Research Director

Phone:

Email: Bhushan.desai@med.usc.edu

Professional Information

I am an Assistant Professor and Director of Clinical Research in the Department of Radiology at the Keck School of Medicine (KSOM) of USC. I received my MD degree from India in 2007 and joined the KSOM to gain specialized training in patient oriented translational research which was tailored specifically for MDs who wish to build a career in research. I have extensive practical experience in imaging research and have been involved in numerous projects in collaborations with colleagues in the Department of Radiology as well as other departments at KSOM and other schools at USC. I have also been closely working with faculty, residents, and fellows in the Department of Radiology to train them on the basics of clinical research along with leading an excellent clinical research support team at USC.

Personal Information

I love to play cricket and tennis, cook, and socialize with friends.

MIAMI MOUNT SINAI MEDICAL CENTER

Miami Mount Sinai Medical Center
4306 Alton Road
Miami Beach, FL 33140

Stuart Kaplan, MD - Principal investigator

Phone:

Email: Stuart.Kaplan@msmc.com

Professional Information

Dr. Kaplan is the Section Chief of Breast Imaging and brings more than 15 years experience in breast imaging to the hospital's Comprehensive Breast Center. graduate of the George Washington University School of Medicine, he completed his radiology residency at the University of California Los Angeles and a breast imaging fellowship at the Iris Cantor Center for Breast Imaging at the University of California Los Angeles. Dr. Kaplan is a nationally recognized expert in breast imaging and is a fellow of the American College of Radiology (ACR), a distinction held by less than 10 per cent of radiologists. He pioneered the use of ultrasound for screening in women with dense breast tissue, and authored one of the landmark studies on the subject. Dr. Kaplan is a clinical reviewer and past chairman of the ACR Stereotactic Breast Biopsy Accreditation Program, and a clinical reviewer and past committee member of the ACR Breast Ultrasound Accreditation Program.

Katrina Rabinovich, MD - Sub investigator

Phone:

Email: Katrina.Rabinovich@msmc.com

Professional Information

Dr. Katrina Rabinovich's specialty is women's imaging, including mammography, breast MRI and a full range of interventional breast procedures, as well as gynecologic ultrasound and MRI. Dr. Rabinovich received her Medical Degree from University of Tennessee College of Medicine, her radiology residency at the University of Tennessee Methodist Hospital and completed her fellowship in women's imaging at Brigham and Women's Hospital in Boston.

St. Elizabeth Hospital
1506 S. Oneida St
Appleton, WI 54915

Rudy Lin, MD - Principal investigator

Phone:

Cell:

Email: rudylinmd@gmail.com

Professional Information

I attended University of Wisconsin School of Medicine and Public Health. After graduation, I began my diagnostic radiology residency at William Beaumont Hospital in Royal Oak, Michigan. Following the completion of the residency program I moved to New York and completed a fellowship in body and breast imaging at Memorial Sloan Kettering Cancer Center. I have been a Partner at Radiology Associates of the Fox Valley, Neenah, WI, since 2001, Medical Director of Affinity Health System Breast Centers since 2004 and current Vice Chair of the Department of Radiology, Affinity Health System. Since 2009 I have been a member of the ACR Breast MRI Accreditation Committee and reviewer.

Personal Information

I was born in Chicago but grew up in Green Bay, WI. I am married with 3 children and enjoy running, road cycling, travel, food, and watching the US Men's National Soccer Team.

Tamra Knutson, MD - Sub investigator

Phone:

Email: Tamra.knutson@gmail.com

Professional Information

Tamra Knutson, M.D. is a board certified diagnostic radiologist. Dr. Knutson has been with Radiologist Associates of the Fox Valley since June of 2011. Dr. Knutson completed her undergraduate degree in Life Science, Public Health & Psychology from the University of Minnesota in 2000. She began and completed medical school at the University of Minnesota in 2005. She completed her transitional internship at Gundersen Lutheran Medical Foundation in La Crosse, WI in 2006. Dr Knutson went on to complete her diagnostic radiology residency at Duke University in Durham NC in 2010. Dr. Knutson completed her fellowship in Women's Imaging at Duke University, Durham , NC, in 2011.

Thomas Tolly, MD - Second Sub investigator

Phone:

Cell:

Email: thomastolly@gmail.com

Professional Information

Dr. Thomas Tolly, MD is a doctor primarily located in Neenah, WI. He has 32 years of experience. His specialties include diagnostic radiology and radiology. Dr. Tolly completed his undergraduate degree in biochemistry at Michigan State University in 1980. He began and completed medical school at Wayne State University School of Medicine in Detroit, MI, in June of 1984. Dr. Tolly went onto his internship and radiology residency at St. Luke's Medical Center in Milwaukee, WI. He worked as a staff radiologist at St. Luke's Medical Center from July 1989 to April 1992. Since June 1992 to the present, Dr. Tolly has been with Radiologist Associates of the Fox Valley.

Michele Goodweiler - Research Coordinator

Office:

Email: mgoodweiler@rafvrad.com

Professional Information

I went to the University of Iowa and earned BS in radiation sciences. For graduate school, I attended the University of Central Florida and received my masters in health services administration.

Personal Information

I enjoy playing tennis, fishing, bow hunting and college football. I have two children Willem(5 years old) and Brianna (3) and only one husband for almost ten years. I do enjoy craft beer but this isn't probably the place to mention that lol.

Jessica Greene - Research Assistant

Mobile:
Email: jgreene@rafvrad.com

Professional Information

I grew up in Tampa, FL and relocated to Appleton, WI. From here I went to college at Stevens Point and fell in love with genetics. Here I started conducting research work with two professors studying plant and human genetics. After graduating I started

working in health care as a phlebotomist and then advanced to a lab specialist gaining customer service and laborstory skills experience. Since graduating I have searched for an opportunity to conduct clinical research and make a difference in my community. Cancer runs in my family so being apart of a research team devoting time and energy to engineer an advanced method to finding breast cancer is a huge accomplishment in my life.

SOUTHCOAST HEALTH IMAGING

SouthCoast Health Imaging
1326 Eisenhower Dr, Building #1
Savannah, GA 31406

Patricia P. Shapiro, MD - Principal investigator

Phone:

Email: PShapiro@Southcoastmedical.com

Professional Information

Dr. Patricia P. Shapiro practices at SouthCoast Health Imaging's Savannah and Hilton Head locations. She received a Doctor of Medicine degree from the University of Florida in Gainesville, Florida, before completing a residency in radiology at Eastern Virginia Graduate School of Medicine in Norfolk, Virginia. She is board certified by the American Board Radiology and attained a Certification of Advanced Qualification in Pediatric Radiology. Dr. Shapiro values the precise, analytical approach that radiology can provide to the diagnosis and treatment of diseases. She is inspired by the innovative technological advancements taking place in the radiology field that allow for better quality care of patients.

Nathan P. Fergus, MD - Sub Investigator

Email: nfergus@southcoastmedical.com

Professional Information

Originally from Cleveland, OH, I attended Saint Ignatius High School in Cleveland, then obtained a Bachelor of Arts degree in Biochemistry from Kenyon College in Gambier, OH, a Doctor of Medicine degree from the Boonshoft School of Medicine at Wright State University in Dayton, OH. I completed an entire General Pediatrics residency at Levine Children's Hospital, Carolinas Medical Center, in Charlotte, NC, a Diagnostic Radiology residency at University Hospitals Case Medical Center in Cleveland, OH, and a Musculoskeletal Imaging and Intervention fellowship also at UH-CMC. I completed a Pediatric Radiology mini-fellowship at UH-CMC and was appointed Clinical Assistant Professor of Radiology at Case Western Reserve University SOM. I graduated from my fellowship in June 2014 and now am a Radiologist at SouthCoast Health, Savannah, GA, and Hilton Head Island, SC.

Personal Information

During years in high school and college (1998-2001) I was a personal assistant to the Cleveland Indians MLB players and functioned as the team's batboy. I became close friends with several great players including Roberto Alomar, David Justice, Dwight "Doc" Gooden, Omar Vizquel, and many others.

SOUTHCOAST HEALTH IMAGING

SouthCoast Health Imaging
1326 Eisenhower Dr, Building #1
Savannah, GA 31406

Nathan P. Fergus, MD - Sub Investigator

(Continued from previous page)

I continue to have a strong interest in athletics, a former football player in high school and college and a current fan of Tony Horton and his famous P90X programs. I also have a strong interest in politics. My wife, Brittany, and I live with our two boys, our son, Jonathan (one-year-old), and our Golden Retriever mix, Rowan, on Hilton Head Island.

David T. Estle, MD - Second Sub Investigator

Email: destle@southcoastmedical.com

Professional Information

I have practiced for the last 10 years as a staff radiologist at Southcoast Health in Savannah GA. I also practice at Southcoast Health in Hilton Head, SC. My duties include MRI, mammography, x-ray, CT, ultrasound and DEXA and pain management procedures. Prior to this I was on staff at Candler Hospital in Savannah, GA where I acted as radiology department chairman from 2000-2002.

Personal Information

I am married to Jenny and have 2 children, David and Alison. I enjoy hiking, biking, kayaking, fishing and gardening. I also enjoy traveling and reading when I'm not working.

Patricia Herrin - Research Coordinator/Technologist

Phone:

Email: carenav@southcoastmedical.com

Professional Information

I have been involved with imaging for 35 years. I am a mammogram technologist with breast ultrasound certification. Here at Southcoast, I work in the mammogram department and do the tracking for the biopsy patients. I have worked in hospital and outpatient settings.

Personal Information

When not working, my husband and I like to travel to visit our children. One son lives in Miami and the other son lives in the Atlanta area.

WEINSTEIN IMAGING ASSOCIATES

Weinstein Imaging Associates
1910 Cochran Road, Suite 740
Pittsburgh, PA 15220

Danielle Sharek, MD - Principal investigator

Phone:

Email: dsharek2424@gmail.com

Professional Information

Dr. Danielle Sharek completed her internship and Radiology residency at the University of Pittsburgh Medical Center and became Board-certified in Radiology in 2013. She subsequently obtained specialty fellowship training in Women's Imaging at UPMC Magee-Womens Hospital while completing research/publication in radioactive seed localization of breast lesions. She is a Diplomate of the American Board of Radiology and her professional memberships include the American College of Radiology, American Institute of Ultrasound in Medicine, Radiological Society of North America, Pennsylvania Radiological Society, Society of Radiologists in Ultrasound, and Society of Breast Imaging. She is active in the local women's imaging community. Prior to joining this practice in 2015, she was a staff Radiologist with Radiologic Consultants at Excelsa Health in Greensburg, PA.

Personal Information

Dr. Sharek's interests include photography, cooking, spinning, reading, and spending time with her family and friends. She is passionate about running and often competes in half marathons and 5K runs.

Marcela Böhm-Vélez, MD - Sub investigator

Phone:

Email: marcelabvelez@gmail.com

Professional Information

Dr. Böhm-Vélez is President of Weinstein Imaging Associates, a private practice dedicated to women's imaging with three Pittsburgh, PA offices. Her areas of expertise include breast imaging, gynecological, obstetrical, interventional and vascular ultrasound (US). She was cowriter of the BI-RADS® Atlas, 5th Edition Ultrasound Section. She has been involved in multiple clinical application research and development initiatives having to do with US and mammography. These include screening breast US, automated breast US, opto-acoustic US technology, Molecular Breast Imaging, and 3D mammography software for the calculation of breast density, radiation dose and compression. She holds a position as Assistant Professor of Radiology at the University of Pittsburgh, is a Diplomate of the American Board of Radiology and a Fellow of the ACR, Society of Radiologists in Ultrasound (SRU), and of the American Institute of

WEINSTEIN IMAGING ASSOCIATES

Weinstein Imaging Associates

(continued from previous page)

Ultrasound in Medicine (AIUM). She is an active member of various ACR, SRU and Pennsylvania Radiological Society She is an active member of various ACR, SRU and Pennsylvania Radiological Society (PRS) committees and has served as President of the PRS and on the Board of Directors for the International Society of Densitometry (ISCD). Dr Bohm-Velez also serves on the Board of WQED (public television), networks on behalf of community health related matters and enjoys travel.

Personal Information

Beyond the professional and public, she considers her most important accomplishment to be the family. Together with husband, Dr. Rafael Vélez, an anesthesiologist they are the proud parents of Nicole (surgical dermatologist, married to architect Alec Templeton), Carolina (a lawyer at Microsoft) and Andres (a VP with Citi bank) and grandparents of 2 precious boys.

Tom S. Chang, MD - Second Sub investigator

Phone:

Email: tscjiv@gmail.com

Professional Information

After working in academia for nine years at Magee-Women's Hospital and University of Pittsburgh Medical Center, Dr. Chang joined Weinstein Imaging Associates in 2000. Weinstein Imaging Associates is a four-person women's imaging private practice serving the greater Pittsburgh area. He has served as presidents of the Pennsylvania Radiological Society, Pittsburgh Roentgen Society, and Pittsburgh Breast Imaging Society, and is a reviewer for the ACR Mammography Accreditation Program and the American Journal of Roentgenology.

Personal Information

Dr. Chang's interests include golf, tennis, Pittsburgh Penguins hockey (Stanley Cup champs!), birding, competitive Scrabble, and Euro board games. He enjoys doing the mammography audit for his group (no lie).

WEINSTEIN IMAGING ASSOCIATES

Weinstein Imaging Associates
1910 Cochran Road, Suite 740
Pittsburgh, PA 15220

Michelle Straka, MD - Third Sub investigator

Phone:

Email: mstraka2@comcast.net

Professional Information

Dr Straka began her diagnostic radiology residency at Georgetown University Medical Center and completed her residency and women's imaging fellowship at The Western Pennsylvania Hospital in Pittsburgh. She practiced general radiology at St Clair Hospital, a busy community hospital for several years and then joined Weinstein Imaging Associates in 2002 where she and her colleagues specialize in women's imaging. In past years, they have participated in numerous research studies involving breast ultrasound. She has recently given a lecture on screening breast ultrasound at a conference for sonographers and is a member of multiple societies within her medical specialty.

Christine Kohut - Research Assistant

Phone:

Email: kohut@weinsteinimaging.com

Professional Information

Christine has been an employee of Weinstein Imaging Associates for 20 years. Her employment has consisted of secretarial, laboratory logistics, medical assistant and research assistant. More recently, her duties have also included laser safety officer and clinical research coordinator. She graduated from a Medical Assistant Program and obtained an AAMA Certification in 1996.

Personal Information

Christine cherishes spending time with family and friends. She enjoys taking her dog to the park. She loves attending wine tasting events and reading a good mystery. As a hobby, she spends time creating her own jewelry.

Weinstein Imaging Associates
1910 Cochran Road, Suite 740
Pittsburgh, PA 15220

Elisha Ronzio - Research Coordinator

Email: ronzio@weinsteinimaging.com

Amy Atkison - Sonographer

Phone:

Professional Information

Amy has been an employee of Weinstein Imaging Associates for 28 years. She performs a variety of ultrasound exams including breast, ob/gyn, abdominal and small parts. Her past employment has been with St. Francis Hospital, Ohio Valley Hospital and Passavant Hospital. She has two Associate Degrees in Science, one for Medical Assistant and one for Diagnostic Medical Sonography.

Personal Information

Amy likes to spend time with her significant other, Tom, and enjoys exercise and an occasional trip to the local casino.

WEINSTEIN IMAGING ASSOCIATES

Weinstein Imaging Associates
1910 Cochran Road, Suite 740
Pittsburgh, PA 15220

Nancy Davis - Sonographer

Phone:

Professional Information

Nancy has been working for Weinstein Imaging for 25 years. She performs a variety of sonograms including obstetrical, abdominal, vascular, and breast ultrasound. Nancy is responsible for coordinating interesting case reviews. She also performs bone density examinations. Nancy has been in the medical imaging field since 1985, starting out as an X-Ray technologist.

Personal Information

Nancy is the mother of two busy teenagers whose schedules occupy a lot of her free time. She and her husband enjoy music and often attend performances of the Pittsburgh Symphony Orchestra. She also enjoys theater and reading. Nancy also likes to get in time at her gym and is often seen in her neighborhood walking her two dogs.

Marie Cummins - Sonographer

Phone:

Professional Information

Marie has been employed at Weinstein Imaging for 13 years. Her responsibilities include performing obstetrical, abdominal, and breast ultrasound. Marie is also the Accreditation Coordinator for the practice. She has been in the medical imaging field for 18 years, with an earlier position at Ohio Valley Medical Center. Marie has dual Bachelor Degrees from Indiana University of Pennsylvania, one in Criminology and the other in Sociology. She was employed as a youth counselor at Holy Family Institute for several years.

Personal Information

Marie enjoys spending time with her husband and their 5 year old son. The family enjoys bike riding, swimming, beach vacations, and playing with their pug, Boscobel. She is an avid Pittsburgh Penguins fan.

Weinstein Imaging Associates
1910 Cochran Road, Suite 740
Pittsburgh, PA 15220

Sandy Formosa - Facility/Site Manager

Phone:

Email: formosa@weinsteinimaging.com

Professional Information

Sandy Formosa has been an employee of Weinstein Imaging Associates for 30 years. She has been the Office Manager since 1990. Weinstein Imaging has grown from 4 employees to 36 employees since 1980.

Personal Information

She enjoys spending time with her family and golden retriever, Abby. They enjoy holidays and vacations with extended family. Pittsburgh has been her home, but she looks forward to retiring in Myrtle Beach, South Carolina.

May Lou Bradley - Business Manager

Phone:

Email: bradley@weinsteinimaging.com

Professional Information

Mary Lou Marsh is the Business Manager at Weinstein Imaging Associates. She has worked there since the year the company opened its doors back in 1980. Mary Lou watched the company grow from one small office with herself and one physician, to three office locations and a staff of 30+ employees. Her job duties include everything from human resources, day-to-day operations overseeing all offices, accounts payable and receivable, scheduling of physicians and staff, etc.

Personal Information

Outside of work, Mary Lou enjoys hiking (especially to National Parks), biking, reading, and cooking. She loves spending all of her free time with her new husband, Richard, and her dachshund, Buster.

2016 Provider Directory

BARBARA ANN

CANCER INSTITUTE

Wayne State University

Michigan's **LARGEST** Cancer Care Network

Colleagues,

Thank you for the trust and confidence you place in our physicians when you refer your patients to the Barbara Ann Karmanos Cancer Institute for oncology care.

Karmanos is one of only 45 National Cancer Institute-designated comprehensive cancer centers in the country. This prestigious designation recognizes that we are at the forefront of developing and translating scientific knowledge from promising laboratory discoveries into new treatments for your patients with cancer.

As part of McLaren Health Care, Karmanos is now part of the largest cancer research and provider network in the state. In addition to our locations in Detroit and Farmington Hills, Karmanos has cancer treatment centers in Bay City, Bloomfield Hills, Clarkston, Flint, Gaylord, Lansing, Lapeer, Mt. Clemens, Mt. Pleasant, Petoskey, West Branch and coming soon to Port Huron.

Across the state, our physicians uphold the same high-quality standards of performance measurement and evidence-based practice to ensure quality care that meets national standards. Your patients will receive the very best care and the most up-to-date treatments found anywhere when they see one of our doctors.

To refer your patient to Karmanos, visit our Web site at www.karmanos.org/refer-patient. This Web page includes links on how to refer a patient by phone; access to our downloadable patient referral form; and how to make a referral request online. You can also refer new patients by sending a message to newpt@karmanos.org or you can call **1-800-527-6266** for information.

Please feel free to reach out to physicians by calling their phone number listed inside if you wish to consult with them directly. This guide is updated quarterly.

We are here to assist you and your patients who have been diagnosed with cancer. Thank you again for the trust you place in Karmanos.

Sincerely,

A handwritten signature in black ink that reads "Gerold Bepler".

Gerold Bepler, M.D., Ph.D.
President & Chief Executive Officer

Karmanos' Clinical Trials Program offers more treatment options to your patients

Cancer-fighting drugs that are available today exist only because they were thoroughly tested beforehand in clinical trials.

The Barbara Ann Karmanos Cancer Institute has one of the largest and best clinical trial programs in the United States, giving patients better access to new cancer treatments. More than 90 promising new cancer therapies, which are not yet approved by the FDA, can be found at Karmanos through various clinical trials.

Karmanos has patients actively participating in more than 800 clinical trials, which are developed and sponsored by our own physicians and researchers, major pharmaceutical companies or national cooperative group programs funded by the National Cancer Institute (NCI).

Now that we are part of McLaren Health Care, we are offering Phase II and Phase III trials at our locations throughout Michigan. In doing so, we're bringing patients greater access to more clinical trials.

Our Phase I Clinical Trials Program assists with new drug development

As part of our robust clinical trials program, Karmanos runs a Phase I Clinical Trials program. We are a participating site in the Early Therapeutics Clinical Trials Network (ET-CTN) of the NCI. Only 10 ET-CTN grants were awarded in North America with Karmanos being the only site in Michigan. The Phase I Clinical Trials program assists with early drug development.

Download our free Clinical Trials App

To learn about cancer clinical trials available at Karmanos, access our free mobile app through your iPhone® or Android™ mobile device. Just visit the App Store or Google play store to download the app or go to www.karmanos.org/KCITrials.

Karmanos' Clinical Trials App features include:

- Search capabilities for cancer clinical trials at Karmanos by disease site, keyword, protocol number, phase, principal investigator, or location
- The ability to save protocol information to your "favorites" and send via e-mail protocol information to a colleague or patient
- Links to other National Cancer Institute cancer resources

We also invite you to sign up for our monthly Clinical Trials Newsletter to keep up on the latest trials available. Visit www.karmanos.org/subscriptions and scroll down to Clinical Trials Newsletter link.
