

Fuji Electric HMI Units for Car Wash Applications

Human Machine Interface

Human Machine Interfaces (HMIs), include any device or software that allows you to interact with a machine. Fuji Electric's MONITOUCH HMI operator panels provide exceptional features, including remote monitoring capabilities and connectivity to popular PLCs including over 20 Ethernet drivers and 8 field bus options.

We provide Human Machine Interfaces (HMI) that improve car wash operations.

V10 Series

Technoshot Series
