The exhibit comprises of seven (7) 8 x 8'ft pop-up display panels. It takes approximately 5 minutes to assemble each display panel.

Target Audience

Not in My Name is a perfect education platform for schools, police agencies and community centers.

Key Educational Outcomes

Participants of our workshops and presentations will have a greater understanding of Antisemitism (past and current); will learn about the Holocaust and discriminatory immigration practices by the Government of Canada.

Supporters

AGPI is asking the community to support the project and the tour by making a donation.

Social Impact

We believe the story of the MS St. Louis is one that can resonate with people from all walks of life – particularly as it relates to immigration.
