

HOW TO TAKE ACTION

VOLUNTEER / INTERN

We invite strong candidates with various skills to send us their resume and a covering letter highlighting their interest, time commitment and experience. Ideally, we look for volunteers who can research, write, coordinate events and programs and fundraise. Independence with minimal supervision is a requirement. If this is you, please apply by sending us an email.

SUPPORT OUR WORK

You can take action by donating to The Abraham Global Peace Initiative. Your financial support powers our essential Six Pillars: Safeguarding Israel; Standing against Antisemitism and Holocaust Denial; Speaking out for religious freedom; Making peace; Defending universal rights and advocate for improved international policies and legal remedies.

REPORT GLOBAL ISSUES

Help us monitor and respond to global issues like emerging genocide, conflict, hate crime and oppression. Please send us exact details including pictures, a summary overview and your contact information. At the same time, we encourage you to report hate crime to your local police. Your help in this regard is very much appreciated.

PARTICIPATE IN EVENTS

Our strength is you. By participating in our events, programs and virtual meetings, you are educating yourself and your community. Sign up for our events, get involved in recruitment for committees and look for notifications about our global missions. We would welcome your participation.
