

Ace EdVenture Studio

Creating Transformational Education to Unleash Human Potential

BUSINESS STORY & FACTS

What is the most Unlikely problem a school could ever have?

Our kids don't want to go for school holidays.

Ace Ed-Venture Studio is a dream of the Ace EdVenture Group that has been innovating education that informs to education that transforms for the past 25 years.

Our team at Ace EdVenture Studio **inspires** students globally with Ace EdVenture's brand of fun and engaging education through educational games and comics.

EDUCATION RECOGNITION

► Cambridge University Student Union/Cambridge Strategies:

| **2014:** The Guide to Excellence

| **2017** Innovation 800 - Best-Practice Pioneers

| **2015:** Inspiring Leadership & Innovation

| **2018** Innovation 800 - A World-Class Education

| **2016:** Digital Innovators

► World Education Congress 2018

► Kokoa Standard (Finland)

1995

ACE began as English classes in Anne's home. It grew from one centre to 8 throughout the Klang Valley.

2012

We started our first international school, **Sri Emas** which currently has 650 students.

2016

Launched **ChemCaper**, the World's First Chemistry Role-Playing Game. It received acclaim the world over for its educational value.

2009

Incredible demand for a full-blown ACE school. Resources didn't allow for an international school so we took the first step with our private tutoring centre, **Sirius Scholar**. Completely self-funded. 650 students.

2015

We started Malaysia's first-ever entrepreneurial school, **Dwi Emas International School**. It offers our Powerpreneur Programme to instil entrepreneurial mindsets and skills. Currently at 400 students

PRODUCTS & SERVICES

Making Transformational Education Accessible, Globally

Don't you hate it when you put in a lot of effort but yield very little results? Well, that's exactly what studying from a textbook is like.

When you experience the information you are learning, you absorb the lesson better and transformation takes place. We create quality educational products to facilitate this experience.

BonDing the Chemistry Card Game

BonDing is a battle of wits and intelligence. Discover chemistry bonds, particles and elements, strategize to outwit your opponents and collect the most petticles to win!

Price: RM65.00

"A really fun game that requires you to think and be focused. You'll want to play it over & over again which will make you learn and remember the elements better!"— Tanisha, 14

ChemCaper Act 1: Petticles in Peril

ChemCaper is a chemistry adventure game where you have fun learning basic chemistry. Explore unique environments, craft potions, and battle with collectible creatures, all based on chemistry concepts and the Periodic Table!

Price: RM38.00

"It's great to see kids getting into RPGs in an educational way - they stimulate problem-solving, foster creative thinking, and encourage curiosity." — Figur8

Petticle Planet Vol. 1 (Coming soon)

Ever wish you could discover science by going on a crazy adventure instead of reading a textbook?

Join Roub and his father, Frances, as they film and uncover creatures in ChemCaper called petticles.

Price: RM20

Ace EdVenture Studio

Creating Transformational Education to Unleash Human Potential

"That being said, this is an amazing game. Console quality! One of the more polished experiences on the App Store.

Think Pokemon and the first Mario Rpg having a baby... And that baby knows chemistry. Combined with an easy to use control scheme and sense of stlye that smacks you in the face like your physics teacher when you fall asleep in class + you have a fun experience that is easily worth the money!"

Comment from Touch Arcade member

Hi. My 11 years old son loves your ChemCaper game! We have been homeschooling him since he was 8. We are in JB.

It's such a blessing to have teachers like you guys in KL to make education more fun and engaging. wished we had the chance for our kids here.

Looking forward to more innovative and engaging apps from you guys! Keep inspiring us and the kids!
- Alicia.

TESTIMONIALS

A polished production that takes the dread out of learning "ChemCaper is a full-fledged, fantasy RPG designed to get children excited to learn Chemistry that even grown-ups will love. Highly recommended if you're looking for a fun supplement to traditional lessons."

- Geeks with Juniors

"A full-blown, highly-developed mega game that mixes in Chemistry to form a solution that is like none other!"

- Educational App Store

"In ChemCaper, the context is logically connected with the gaming experience as learned content is centric in the game story."

- Education Alliance Finland 2017
