Similar but NOT the Same Vocabulary Class^{No}

Prerequisite Class- All levels welcome

Wednesday nights 6-8:30pm

One of the best ways to increase your ASL knowledge is by learning more vocabulary. We will go through each sign and compare them. Every week we will learn the differences of over 20 pairs of words. (Over 40 vocabulary words each week.) **That is a minimum of 80 words per 2-week session.** Every session has different words that are taught. You would be surprised how many signs are so close and you could easily sign the wrong one.

YOU DO NOT NEED TO TAKE ALL PARTS TO BENEFIT FROM THIS CLASS. **EACH PART IS A STAND-ALONE CLASS.** However, if you take all the parts, you not only benefit from learning hundreds of vocabulary words you also get a discount

How the cost of this class works...

The class is offered in two different formats.

2- weeks or 6-weeks.

2-week sessions: \$60 per 2-week session
