# South Brevard Coin Club

## **IMPORTANT MESSAGES FROM THE BOARD:**

### **ELECTIONS AND BYLAWS**

At the November meeting we will be having a business meeting in order to ratify the Bylaws of the South Brevard Coin Club. The Bylaws will be sent to all members to review prior to the meeting and they are currently posted on the website. There will be discussion and vote to accept or amend the new Bylaws.

Also at the November meeting we will be electing Board Officers for the following year. This is your chance to step up and volunteer for a place on the Board.

### **VOLUNTEERS**

Since our membership is growing rapidly, it is vital to have more participation from the members to contribute to the success of the Club. It takes a lot to run the club and currently we are operating with a Board of 5 Officers and an Education Specialist who do the bulk of keeping the Club functioning.

As we grow, we need a lot more members involved to keep things running smoothly and bringing the most value to the members. In the coming year we will be organizing more committees to develop some of the areas we would like to expand in and need members to step up. These immediate duties include helping set up the room for the meeting, selling raffle tickets and helping with presentations. Going forward, we would like to create more community events including youth events, program development and having refreshments at the meeting just to name a few.

It is important to get everyone involved as we all have a variety of skills and backgrounds that we can utilize within the Club.

### **PROGRAMS FOR 2024**

We have been very fortunate to have Bob Mellor as our Education Specialist who, as most of you know, does the majority of our interesting education programs along with procuring all the great items for our monthly raffle. Our education programs are one of the great benefits of belonging to this group.

However, Bob has many, many responsibilities including still working full time and as his job becomes more demanding he will not have as much time to dedicate to Program presentation or Coin Talk.

We need someone to assist with this very important function of the Club. We are looking to our group of knowledgeable numismatists to share your knowledge and expertise with the group by presenting a monthly program on a topic of interest or recommending someone in the community to invite as a speaker.

### **COIN TALK**

Once again, Bob Mellor has been instrumental in the outreach program called Coin Talk that is held monthly at the Suntree Library. It is a program that is open to the community to elicit interest in numismatics. Many of our members attend on a regular basis and it also attracts people who are interested in learning more about numismatics, many of whom become members of SBCC. Because of Bob's more demanding schedule, he sadly will have to forego facilitating this event each month. The library gives us the room and advertises the event at no charge so it would be a wasted opportunity not to take advantage of this time!

**WE NEED SOMEONE TO STEP UP AND TAKE THE RESPONSIBILITY OF FACILITATING THIS ACTIVITY OR ELSE WE WILL HAVE TO DISCONTINUE OFFERING IT AT THE END OF THIS YEAR.**

# THE GREAT KENTUCKY HOARD

by Fred Garvin

In early July of this year an unnamed man found a buried cache of pre-Civil War Gold coins in a Kentucky field. Minted years range from 1840 - 1863. The discovery has been dubbed "The Great Kentucky Hoard" and includes some silver coins, error coins and rare 1863 \$20 Gold Liberty's.

The coins were brought to GovMint for restoration and grading. Rare Coin Dealer Jeff Garrett was contacted to handle the newly discovered coins and commented, "*The importance of this discovery cannot be overstated, as the stunning number of over 700 gold dollars represents a virtual time capsule of Civil War era coinage, including coins from the elusive DAHLONEGA Mint. Finding one mint condition 1863 Double Eagle would be an important event...finding nearly a whole roll of superb examples is hard to comprehend.*"

Estimated value reaches 2 Million after NGC graded and slabbed. GovMint offered the coins for sale about a month after completing the arduous process, and within 2 days they were sold out. I spoke with a sales rep at the GovMint Scarce & Unique Division where I was told the average sale was \$7k, and sets of denominations.

A few different error varieties were discovered. Three 1862 Gold Dollars double die obverse, 11 1861 Gold Dollars had the medallic alignment instead of the normal coin alignment, and the most significant variety error was an unlisted re-punched date and was assigned a new NGC variety number of VP-002. The date was re-punched into the die a second time lower than the first resulting in a double image to the date. Only 2 of these were in the hoard.

The coins were graded from XF-MS and all of these coins can be viewed at NGC due to their outstanding catalog system. You will have to enter a grade when using the system, but I was just guessing 63 and 62 which allowed viewing. I'll be looking for these coins to come up for sale from those who got them initially, so if you come across some give me a heads up.

## Book Review Returning

We are bringing back our book review to highlight the many great books we have in our library.

This is how it works...

- Check a book out from the library by contacting Jack Klein
- Keep it for a month and prepare a review of it
- Bring it back at the next monthly meeting.
- Present the review of the book to the club membership
- Receive a "goody" from Bob's goody bag.

So check over our vast list below and choose what you would like to report on!
