

HOFC Pickleball Club is offering league play! Leagues serve as organized platforms for people of similar skill levels to engage in competitive play. The goal is to provide opportunities for social interaction, skill improvement, and healthy competition. In order to maintain competitive levels of play, a recommended DUPR score spread is included below (or you may self-rate if you do not have a DUPR). Please contact Meredith Smith at 330.417.0684 with any questions. Thank you!
