Abstract Form and Instructions

Poster size for display: 4 feet high by 6 feet long

- The abstract must adequately describe the objectives, methods, results, and conclusions so that the Abstract Committee may evaluate the quality of the work and proposed presentation.

- The abstract title should fully reflect the content of the abstract body.

- A structured abstract format is preferable; that is, all abstracts should contain these sections: Introduction (background information and purpose of the project/study), Methods (study design, techniques), Results (summary of data), and Conclusions

- Illustrations and tables are not permitted.

- Supplementary data are not accepted under any circumstances.

- Abbreviations may be used in the abstract if such abbreviations are defined at their first mention.

- **The abstract length is limited to 300 words.**

- **Abstracts must be submitted in a word .DOC format**

- Authors are to be listed by First name, Last name, Highest degree. Affiliations are not necessary.

- A maximum of 5 authors may be specified in the abstract submission process; however, any subsequent full-length manuscripts may have more than 5 authors. Corresponding authors for accepted abstracts may request the addition of additional authors to their abstracts by submitting a request to the Managing Editor, Susan Colucci, at susancolucci@oceansidepubl.com.

- Authors are encouraged, but not required to submit for peer review and publication, any subsequent full-length manuscripts which derive from the submitted abstract.

- Each abstract submission must specify a corresponding author, to whom all correspondence about the abstract will be directed.

- Abstracts are submitted for poster presentation.

- The presenter of each accepted abstract must register for the scientific meeting in the standard fashion see EasternPulmonaryConference.org

- Wherever possible, noncommercial (generic) names must be used in all abstracts and posters. The Editorial staff may request a revised submission of the abstract to enforce compliance with this ACCME requirement.

- All authors must agree to disclose all non-FDA approved use of FDA approved drugs during the abstract submission process as well as in the actual presentation (oral or poster).

- The authors must accept sole responsibility for the statements in their submitted abstract.
