

ACTIVATE DISH ANYWHERE

## ACTIVATE DISH ANYWHERE

To establish your DISH Anywhere account through Opticaltel you must be a digital subscriber.

Please contact us at 1-855-303-4237 or e-mail us at [support@opticaltel.com](mailto:support@opticaltel.com) to request such. If possible, provide us with the Receiver ID and Smart Card ID numbers by pressing the Menu button twice on the big remote or the with the smaller remote you may press the Home button three times.

Once information is gathered, we will set up your username and password. If you wish to request a specific username and password use the following guidelines. For the username we require it to be between 8-12 characters. For Password, we require One upper case letter, one lower case letter, one number, and one special character(?@\$%^\*). If one is not requested we will assign you with one.

Once we receive the information noted above the request will be processed and you should receive an e-mail or call from Opticaltel with your username and password. This process should take between 2-3 days.

If you have any questions please do not hesitate to reach out to us.

Thank you.  
Opticaltel Management
