

What is KidZone?

KidZone is a children's market and fun area opening at Jen's Market at the Howard Community Club, 5645 Forsyth Road, Macon, GA. 31210. The KidZone sets up with our regular vendors, on a monthly schedule, Saturday (starting in June it will be every 3rd Saturday), hours 11-4.

The purpose of KidZone is to create a safe, fun environment where children can learn entrepreneurship, marketing skills, money management and social skills. The KidZone will feature a variety of fun activities, such as a book exchange, crafting fun, and facepainting. Classes will be given at the Howard Community Club for children to learn about market expectations, ideas of what to sell and presentation.

The booth space for children is FREE, they bring their table, chairs, set up as regular vendors and adhere to all vendor guidelines. Ages for participation is 7 - 17. Children under 16 must have a parent or guardian with them, we do not provide supervision. All products must be made by the child, we do not allow food/drink products of any kind to be sold due to health regulations. We do allow fresh produce/greens grown under a classroom or 4H program.

There are a limited number of spaces per market. An application must be completed with parent/guardian signature.
