CRYSTAL CLEAR

CRYSTAL BERYL
Salt Chlorinator

***SWIMMING POOL
SALT CHLORINATOR SERIES***

Features

Inspired by Beryl – Gentle, Pure, and Calm

- Non-toxic & odorless chlorine generation
- Skin-friendly disinfection — no irritation or dryness
- Creates a serene swimming experience with soft, balanced water

Advanced Electrolysis Technology

- High-efficiency **titanium cell** coated with **ruthenium oxide** for long-lasting performance
- Produces chlorine automatically from common salt—no need for manual chemical dosing
- Eliminates the need to buy, transport, and store hazardous chlorine compounds

Smart Pool Management

- Tuya & Smart Life APP control for remote monitoring
- Adaptor certified by **UL, GS, CE**
- Salt chlorinator certified by **CE** for quality assurance

Self-Cleaning & Maintenance-Friendly

- Polarity inversion for **automatic self-cleaning**
- Prevents calcium buildup and extends cell life
- Long-lasting cell — up to **10,000 hours**
- Replaceable cell design for easy servicing

Reliable Safety & Alerts

- Low/high **salt level alarm**
- Low/high **temperature alarm**
- **Memory setting** to retain configuration
- Equipment maintenance reminders

Easy Installation & Robust Design

- Quick and simple setup
- **IPX4 waterproof** housing for reliable outdoor use

Beryl Series
