Notice to Exhibitors

The Trial Secretary is not responsible for emails not received. If you have not received a response to an email after 48 hours, please call the Trial Secretary by telephone.

The Safety of the dogs and stock is our primary concern. By entering these trials, exhibitors acknowledge that they are familiar with the rules and regulations of this sport and venue.

Entry fees will not be refunded in the event that a dog is absent, disqualified, excused, or barred from competition by action of the veterinarian, judge, or Trial Committee.

Entry fees will not be refunded if the trials cannot be opened or completed by reason of riots, civil disturbance, fire, an act of God, public emergency, an act of a public enemy, or any other cause beyond the control of the sponsor.

No entry shall be made and no entry shall be accepted which specifies any condition as to its acceptance. Entries will not be accepted without fees or signatures. Post Dated and Returned checks do not constitute a valid entry fee. There is a \$25 returned check fee.

Bitches in season will be permitted to run, but will be placed at the end of the running order in Tests and in catalog order for Trial classes.

It is expressly understood that **exhibitors alone are responsible for the behavior of their dogs and/or children.** Any exhibitor whose dogs and/or children create unnecessary disturbances or repeatedly engage in unsafe or disruptive behavior may, at the discretion of the Event Committee, be asked to leave the trial site. In such case, no refund of any fees paid will be made.

Exhibitors are responsible for cleaning up after their dogs at show site and all hotel, motel, and campgrounds where they are staying while competing in these trials.

Exhibitors are responsible for being at the gate when it is their turn to run. The judge need not wait for any dog holding up a class. RottiEwe Farm has no obligation or responsibility for providing service through a public-address system or steward for the purpose of calling or locating dogs that are not brought to the arena when required. All dogs must be on lead or crated at all times except when in the arena.

Dogs must wear a simple well-fitting buckle, snap lock, or slip collar (no tags) or may work without a collar at Trial levels. RottiEwe Farm and its employees will not be liable for any loss or injury which may be sustained through disappearance, loss, theft, communicable disease, parasites, injury and/or death of dogs entered in this event.

Eligibility All dogs nine months of age or older are eligible to participate in Herding Trials and JHD. Dogs classified as Herding Dogs in AHBA are eligible for Herding Test HCT and may participate at six months of age or older. No dog may be entered in two classes on the same course with the same kind of stock under the same judge at any test/trial. Bitches in season shall run in drawn running order without adjustment.

READ BEFORE SIGNING In consideration for participating in an event sanctioned by the American Herding Breed Association (AHBA), I agree to assume all responsibility for any claim, loss or damage, of whatever kind or nature, whether to person or property, which may be caused at or near this event, either directly or indirectly, by me or the dog or dogs I have entered in or brought to this event. I further agree that I will hold the AHBA, RottiEwe Farm, Don and Tracy Parciak, its officers, directors, agents and members harmless and defend them from any and all liability for any injury, claim, damage or loss, of whatever kind or nature, whether to person or property, caused at or near this event, whether directly or indirectly, by me or any dog I have entered in or brought to this event. I agree to indemnify the AHBA, RottiEwe Farm, Don or Tracy Parciak, its officers, directors, agents or members for any loss, cost or expense including attorney's fees and costs, to which the AHBA, RottiEwe Farm, Don or Tracy Parciak, its officers, directors, agents or members might be subject as a result of any claim, suit, loss or damage caused in any way by any act or negligence on my part or on the part of any dog or dogs I have entered in or brought to this event. I acknowledge that while the AHBA may provide sanctioning for this event with regard to the issuing of titles, it does not have and does not exercise control over the conduct of the event or those present.

I (we) will pay for injuries or replacement value (\$300.00) for Sheep (\$75.00 per head) ducks in the event of the death of any livestock by my or our dogs. If injury to any stock is caused by my/our dog entered or brought to this even, I we assume full responsibility for any damage. I we agree to pay full market value of the injured animal in case of injury or the veterinary bill for the injury, whichever is agreed to by the livestock owner.

I CERTIFY and represent that the dog or dogs I have entered in or brought to this event is/are not a hazard to other dogs, other animals, or to people. I CERTIFY that I am the actual owner of the dog or that I am the duly authorized agent of the actual owners whose name I have entered. In consideration of the acceptance of this entry, I we agree to abide by the Rules and Regulations of the AHBA in effect at the time of this herding Test or Trial or both, and further agree to be bound by the agreement printed above. The entry is submitted on the foregoing representation and agreement.

HTAD COURSE #4

- N
- W + E The designations North, East, etc. are for purposes of description only.
- S The course may be mirrored.

The stock set-out indicated on the diagram relates to courses that begin with a gather. The location of the take pen and/or repen may vary from the location for the repen shown on the diagram, so long as it is at the same end of the arena as shown. The handler's post is located 20 ft. from the North fence, in the center. The panel obstacle is set 20 ft. from the West side of the arena, at least 110 ft. from the handler's post; the opening is 12 ft. The L-shaped obstacle is located in the Northwest corner of the arena. Both sides of the obstacle are 10 ft. long with an aisle 4 ft. wide. The freestanding pen is located 30 ft. from the East side and approximately one-third of the length of the arena from the North and should be 8-10 ft. on each side for sheep, 10-16 ft. on each side for cattle. (A trailer may be substituted for the pen.) The hold area is located approximately in the center of the arena. The area for sorts other than a gate sort is located approximately halfway between the hold area and the repen gate. For poultry, all dimensions are 1/2 that of hooved stock.

1. Gather or Take pen

Gather: The stock are let out at the repen gate and allowed to settle. In HTAD III, the handler remains at the post while the dog is sent from there to gather the stock. In HTAD II, the handler may leave the dog at the handler's post and move to a point approximately halfway between the post and the stock, then send the dog to gather the stock. In HTAD I, the handler may leave the dog at a point approximately halfway between the post and the stock and move to approximately 15 ft. from the stock, then send the dog to gather the stock. At all three levels the stock are brought to and around the handler's post, passing just to the East of the handler's post and then turning toward Obstacle 1. The gather ends when the stock have gone just past the handler's post.

Take pen: HTAD III handlers must remain outside the pen while the dog brings out the stock. HTAD II handlers may enter the pen with the dog but should not move the stock themselves. HTAD I handlers may enter the pen and assist the dog in moving the stock. An exception is made for cattle, where the handler may go in and assist if necessary at any level. If the stock come out on their own volition without the handler or dog entering, there is no penalty. Once the gate to the take pen is opened, it may not be closed until the stock have exited. The stock are then taken to the point on the course where the handler's post is located for the drive. Scoring for the take pen ends when the stock have reached the handler's post. The course then proceeds as indicated in the description.

2. Drive

The stock are driven to Obstacle 1. HTAD III handlers must stay at handler's post. HTAD II handlers may go to a point halfway to Obstacle 1, then must remain there for the remainder of the drive. HTAD I handlers may accompany the stock up to Obstacle 1. The drive ends when the stock reach a point 10 ft. in front of Obstacle 1.

3. Obstacle 1

The stock are moved through the freestanding panels. The handlers remain at the designated locations while the stock are taken through the panels. While HTAD I handlers may go up to the panels, they should not precede the stock through the panels. Once the stock have cleared the obstacle, handlers are free to move. Once the stock have gone through the panels, they are turned toward the West side of the arena, then back toward the North side, toward Obstacle 2. Scoring for this section ends when the stock have been turned toward Obstacle 2 and have moved past the end of Obstacle 1 closest to the West side of the arena.

4. Obstacle 2

The stock should enter at the South opening of the obstacle and exit heading East. HTAD III handlers must remain South of a handler's line running from the handler's post to the West fence parallel to the North fence, and may not pass that line until the stock have exited. HTAD II handlers must go to the entrance of the obstacle and remain in that location until the stock have exited. HTAD I handlers may move anywhere relative to the obstacle but may not enter it. Scoring ends when the animals have exited.

5. Obstacle 3

The stock are taken across the arena and put into the freestanding pen. Scoring for the pen ends when the gate is closed.

6. Hold

The animals are taken to the hold area. The stock is settled and briefly held in place. There is no required position for handler or dog. The judge signals the end of the hold/settle. HTAD I and II handlers then take the stock to the repen. HTAD III handlers proceed with the sort.

7. Sort

The sort is done by HTAD III handlers only. The stock is moved to the designated area, which depends on the type of sort being done. The sort may be one of the following: (a) Gate sort. (b) Ribbon-removal/shed. The sort ends when the gate is closed on the sorted animals, or when the ribbon has been removed/ animals have been shed.

8. Repen

The stock are taken to the repen and held a short distance off the gate while it is opened, and then are repenned. When a gate sort has been used, the animals that had been left out in the arena are repenned. The run ends when the repen gate is closed after the last animal has exited the arena.
