## **To My Existing and New Subscribers:**

If you have arrived here you probably have some curiosity about the UFO/ET phenomenon (or you are a friend and being polite!). I find that reactions vary such as:

- “This is nonsense and I am not going to waste any more time on it.”
- “ I know a lot about this already but I’ll see if there is any different and good information here.”
- “ OK, seems crazy but I am open to the possibility so I will have a look”

For those of you who are curious to find out more and haven’t really explored this before, my purpose in doing this newsletter and related website (<https://newrealityupdate.com/>) is to make it easy for you to find the best and most credible information to help you understand the phenomenon better and the nature of the evidence that is emerging quickly in 2025.

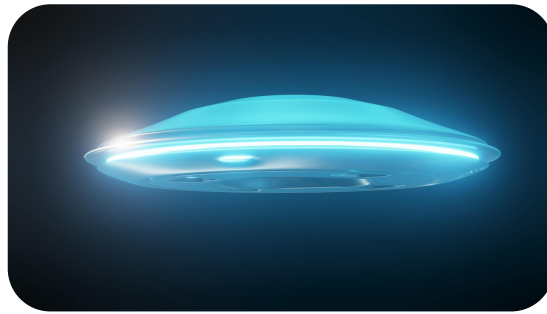

I will continue to be your filter for the best information.

Thank you for subscribing. You can access all of my over 40 newsletters and also see other useful information on my website at

also see other social information on my website at

## **Reaction to Jake Barker Explosive Disclosures**

Jake Barber is the most recent and best whistleblower disclosing first hand details about the UFO/ET phenomenon. In my New Reality Update #1 I introduced Jake's story. Now that full details of his background, first hand evidence and future disclosures are outlined in the video below there is a lot more to his story: You really have to see it to take it all in but I will give you the Readers's Digest version:

- Jake confirmed his impressive and credible military background as a Tier 1 special forces operative (ie sent out first in the most extreme military situations)
- he left the military and went to work for an aerospace contractor who was involved in exotic and advanced technologies (ie. ET/UFO technology)
- Jake confirmed what other witnesses over the years and most recently, such as David Grusch and Luis Elizondo, that UFO's have been downed by electromagnetic pulse weapons and or summoned by people working with the aerospace contractor who have psionic abilities and Jake and his team picked up these disabled UFOs by helicopter
- Jake and others experienced the presence of the ET beings and felt almost a spiritual sense of joy, peace, "feminine" loving feelings and more
- Jake confirmed that this aerospace contractor has reverse engineered and has made manmade UFOs that can travel trans medium, right through the earth and water
- people who have naturally advanced psionic (ie mental telepathy) skills have also been able to ask UFOs and ETs to come to where they are
- this is exactly the same process that my wife and I experienced in California this past July with Steven Greer's CE5 mental telepathy program
- **probably the most astounding news is that Jake Barber claims that we no longer need to wait for the military industrial complex to disclose these decades kept secrets because - he and his team (who have now left the aerospace contractor) know the secrets, have some of the advanced technology and will demonstrate these technologies and expose the secrets directly to the public over the course of 2025!!!**

**My newsletter will center on exploring the New Reality of the UFO/ET phenomenon by highlighting credible whistleblowers and emerging evidence. Over time, I will present the evidence that supports this New Reality.**

## **What is the New Reality?**

### **What is the nature of the evidence that I use to add descriptions to the New Reality described below?**

I have been studying the UFO/ET phenomenon for many years now and I am aware of many alleged details. I am placing far more weight on the testimony of credible whistleblowers who have been coming out publicly over the last couple of years. Most of these whistleblowers are registered under the new laws enacted over the last two years and have given testimony under oath and are subject to criminal prosecution and jail time if they lie. If recent whistleblower testimony confirms information that I have already been exposed to multiple times by others who I feel are credible, then I will include them in the following list that describes elements of the "New Reality".

---

**Based on my research into UFO/ET phenomena and credible recent whistleblower accounts, here is the New Reality:**

- **advanced civilizations exist elsewhere in the Universe**
- **some of these civilizations have visited Earth using what we call “UFOs, flying saucers, UAPs”**
- **numerous crashed UFOs have been recovered over past decades**
- **the technology of these civilizations is thousands to millions of years ahead of our current scientific and technological knowledge**
- **we have created manmade UFOs by reverse-engineering this advanced technology**
- **both ET and manmade UFOs can pass through solid earth and water as though**

**the matter isn't there**

- **parts of the government, a secretive global organization, or both, have hidden these facts for decades**
- **advanced civilizations use telepathy to communicate and control their crafts**
- **individuals trained in specific meditation techniques can connect with UFOs/ETs**
- **whistleblowers face death threats, and some have been killed**

**This list will grow as more whistleblower information comes to light.**
