

as opposed to other whistleblowers who only talk about this decades after they were doing the work.

For those of you who are new to this it will probably be very hard to believe, but there is a long history of direct and indirect evidence supporting what is being said in this video and the consistency of the rumours and the emerging facts are compelling. I have summarized what I call FACTS about this disclosure below although you may think that is premature and for many of you it is. However, many of these FACTS have already been proven by many multiple sources over the last few decades and based on my knowledge and experience these new disclosures are just “icing on the cake”. There will be a lot of skeptical negative trolling that already has started some of which is understandable given the astounding information and some is done by operational misinformation specialists who have been used in the past to spread disinformation and ridicule what is being said. This disinformation process is well known and has been investigated over the years. For me, it will be fun to watch the reactions.

In addition to the actual disclosure there is a

much bigger impact on human society which involves the questions of:

- . What does this mean for the human race?
- . Who are these advanced civilizations?
- . What do they want from us?
- . How can we actually interact with them?
- . Is this actually going to change my life, my children's lives in many fundamental ways to the point that we will be creating a totally new global society for the human race which now, knowingly, partners with other advanced civilizations?

Recall some of the adjustment phases that humans go through when confronted with massive change events: denial, anger, slow acceptance, embracing the change, etc. What stage are you in?

I appreciate that many of you are still thinking: "No way", "Total BS", "I have no time for this ridiculous nonsense", "Even if partially true it is not going to affect my life", "I don't care and will just continue to ignore it", "I am too busy with my work and family to spend any time on this airy fairy stuff" and so on. I have heard them all! So, for many of you who have busy lives and don't

For many of you who have busy lives and don't want to spend any of your hard earned leisure time on this nonsense then at least let me provide you with some selected information and sources of credible knowledge that may require an hour or so of your time as and when you can work it in, so that you can start to absorb what is happening. Just reply **Yes** if you want to get more updates.

I have been obsessed with the progress and reality of disclosure for quite some time now. But it has now happened, or at least started in such a substantial way that we have now entered a new phase that will only amplify and deepen the disclosure. DISCLOSURE WILL NOW BE GOING EXPONENTIAL. We have reached a "tipping point".

Some of you may believe that this recent disclosure is no big deal, or despite the background and direct first hand evidence that the whistleblowers talk about that you simply can't believe what they say. You assume their crash retrieval video is just an AI hoax. You should realize that these are official legally processed whistleblowers and are subject to criminal conviction and jail time if they lie. When

we are facing shocking and unbelievable information we usually need more evidence than normal to believe it. You may also classify this as just another “conspiracy theory” meaning it is made up by someone like Qanon. Conspiracy theories are not automatically false. They can be true or false or something in between.

How much evidence you need is also affected by your own “personal belief system”. Previously I have described this as follows:

What are examples of personal belief systems especially in the context of UFO and other paranormal phenomena?

- *Personal belief systems could fall in a range of say 1 to 10:*
 - *1 could be defined as someone who wants something to be true because the topic is interesting and exciting, or they are just very gullible, or they easily fall down rabbit holes, or their critical thinking skills are missing, etc*
 - *10 could be defined as someone who will only believe something that they can see, touch, smell, hear, taste, or otherwise have definitive proof (as they define it)*

define it)

- 5 could be someone who is skeptical but open to unknown possibilities*
- Like most things in life we usually fall under a bell curve, so 5% of us may be a 1 or a 10 in the range and a majority of us may be in the 4-6 range*
- I would view myself as a 3 or 4 on this scale. I am sure that some of you may put me closer to a 1!*

So if you are a 1 to 3 on this scale the evidence you have seen now (and whatever you have picked up over the last couple of years) means that you probably believe this disclosure and look forward to more. If you are 8 to 10 on this scale you have probably deleted this email already. If you are in the middle you are open to it, not convinced yet, find it very compelling and will look carefully at new evidence as it comes out. Where are you on this scale?

As I said above, there are two major elements to the UFO/ET phenomenon: 1) Disclosure (which is happening now and will be ongoing) and 2) Understanding answers to the questions above, which is by far the most important issue and will probably take years to understand. If you don't believe yet in the "disclosure" piece then the

believe yet in the disclosure piece then the second piece becomes irrelevant.

So here is my take on what are now known as the FACTS of this disclosure:

- . Other advanced civilizations exist in the Universe.
- . Some of these advanced civilizations can and have traveled to the Earth in what we call “UFOs, flying saucers, UAPs”.
- . For a variety of reasons we have been able to retrieve many crashed UFOs over the past few decades.
- . The technology used by these civilizations is thousands to millions of years ahead of our current technology and understanding of physics.
- . We have made manmade UFOs by reengineering these advanced technologies.
- . The UFOs, both ET and manmade, can travel through solid earth and water as if this material does not exist.
- . Either parts of the official government or a separate illegal global organization (mafia like), or both, have managed to keep these secrets for decades.
- . The advanced civilizations use telepathy to

- control their craft and communicate with us.
- . People who are trained in specific meditative protocols can summon the UFOs.
 - . Potential whistleblowers are threatened with death and some have been killed.
 - . Some people have been made very sick by close contact with these craft and technologies.

I will be adding to this “FACTS” list as disclosure with reasonable evidence continues.

Here is what I expect will happen over the next few months:

- . various operatives in the secret military industrial complex including “regular” people in the government and major media will immediately deny the legitimacy of the whistleblowers and claim any videos are AI hoaxed
- . the operatives will start to destroy, move or otherwise try and conceal evidence within the underground facilities
- . other whistleblowers will start to pour out
- . media such as NewsNation and Newsmax will carry the information on their networks
media such as CNN ABC CBS MSNBC will

- media such as CNN, ABC, CBS, MSNBC will initially totally ignore the event, or acknowledge it and engage their own “experts” to refute it
- eventually the sheer volume of the evidence and establishing the credibility of the whistleblowers will cause many people to pause and seriously consider the information
- the new Trump government will jump fully into this conspiracy and want to become the reason why it has been uncovered after 70 years
- the government will have congressional hearings to check further into this leading to subpoenas and search warrants for the underground facilities
- the mainstream media will jump fully into this now and we will be flooded by news investigations
- the rest of the people in the covert secret group will be given amnesty to come forward and disclose all
- after a few months the world will realize the truth of this disclosure evidence
- as a society we will start to go through various stages of disbelief, denial, anger, acceptance and finally embracing the new facts of humanity and our place in the universe

- . disclosure of some, but not all, of the ET technology will result in a huge opportunity to use the the technology for the benefit of the world
- . a new era in human existence will start with low cost unlimited energy which can reduce poverty, climate change, and increase human consciousness and spiritual development
- . and so on

In future updates (assuming you say Yes) I will highlight additional new disclosure FACTS and try and answer some of the important questions above. These answers will not be absolute depending on the nature of the evidence. This too will evolve over time and will be my interpretation of what I see from the sources that I use.

Please send me any questions or comments.

All the best in this exciting time,

Alan
