The New Reality Update newsletter is an ongoing effort to educate and raise awareness, offering insights into the greatest mystery in human history that has remained concealed for decades.

Introducing the Latest Version of My Newsletter

In my previous email, I mentioned giving you two weeks to decide if you'd like to keep receiving updates from me.

I've now chosen to use a marketing platform for future updates. Rest assured, I won't be selling anything or charging subscription fees. This platform will also let you easily "unsubscribe".

That being said, I'd greatly appreciate as many "Yes" confirmations as possible. If you're still uncertain, I'll keep you on the list, and you can unsubscribe later if needed.

Since July 2023, I've sent over 40 emails with UFO updates. If anyone new to the list would like access to previous updates, please go to my website at: <https://newrealityupdate.com/>. Moving forward, I plan to send updates weekly to monthly depending on "Breaking News" and other factors. Currently, my distribution list includes only friends and family, but I'd like to grow it. **If you know friends or family members who should be added, your recommendations would mean a lot to me.**

As mentioned before, this disclosure has reached a pivotal stage and is likely to expand significantly in the coming months and years. The emerging information will continue to build with more details and stronger evidence. While some specific "facts" which I will now be calling the "New Reality" will evolve, the core truths as I understand them will not be retracted or disappear.

I also want to express my gratitude to my wife, Janet Lansche, and my sisters, Susan Copland and Nancy MacArthur, for their ongoing guidance, whether they believe it or not—at least until they decide to disown me!

What to Expect in My Newsletters

- I will focus on key topics to avoid information overload, providing links for those who wish to dive deeper .
- My updates will cover recent UFO/ET evidence disclosures, key historical events, educational insights about the UFO/ET phenomenon, and perspectives on their identity, purpose, and significance for us all.
- I will offer practical tips on how to understand and respond to this information.

My newsletter will center on exploring the New Reality of the UFO/ET phenomenon by highlighting credible whistleblowers and emerging evidence. Over time, I will present the evidence that supports this New Reality.

What is the New Reality?

Based on my research into UFO/ET phenomena and credible recent whistleblower accounts, here is the New Reality:

- **advanced civilizations exist elsewhere in the Universe**
- **some of these civilizations have visited Earth using what we call “UFOs, flying saucers, UAPs”**
- **numerous crashed UFOs have been recovered over past decades**
- **the technology of these civilizations is thousands to millions of years ahead of our current scientific and technological knowledge**
- **we have created manmade UFOs by reverse-engineering this advanced technology**
- **both ET and manmade UFOs can pass through solid earth and water as though**

the matter isn't there

- **parts of the government, a secretive global organization, or both, have hidden these facts for decades**
- **advanced civilizations use telepathy to communicate and control their crafts**
- **individuals trained in specific meditation techniques can connect with UFOs/ETs**
- **whistleblowers face death threats, and some have been killed**

This list will grow as more whistleblower information comes to light.

Editor Note: In the future, detailed information will be shared via a link to a website that I am creating. See draft: <https://newrealityupdate.com/>
