MOBILE IV HYDRATION & VITAMIN THERAPY

Questions or Booking TEXT: 833-335-0820

HYDRATION STATION

- 250 mL Normal Saline **\$129**
- 500mL Normal Saline **\$149**
- 1000mL Normal Saline **\$179**

Normal Saline, Lactated Ringer, Sterile Water, or Dextrose, as indicated.

All IV Drips come with a basic backbone formula (Individualized Myers Cocktail) and vary by dose, concentration, duration, and volume- as well as personalization based on age, height, weight, medical history, current medications, allergies, specific needs, etc.

Specialty drips include the backbone formula with minor individualized variations- as well as additional specific nutrients and/or medications as indicated/needed.

Some drips require laboratory testing, in-particular high dose IV Vit. C (HDIVC), and Iron infusions. Some serial injections require laboratory testing as well, such as Vitamin D, B12, and Iron.
