Happy New Year!

As we welcome the new year in, we asked a few of our students if they had any resolutions or goals they wanted to focus on in the upcoming year. We enjoyed getting to know what our students are looking forward to in 2021.

"My resolution is to accomplish all the dreams I have pushed off or said is too hard." - Genny

"I would like to gain more self-confidence and to think more highly of myself. I want to strive for acceptance of myself rather than strive for perfection." - James

"My word for this year is intentional." - Ava

"I think this year is going to be amazing." - Declan

"LIFE'S MOST PERSISTENT AND URGENT **QUESTION** IS, 'WHAT ARE YOU DOING FOR OTHERS?" — MARTIN LUTHER KING JR.
