EDIBLES

1:1 SLEEP TINCTURE

ONLY \$20

600MG THC : 600MG CBD

While cannabis tinctures can be conveniently added to beverages and food, ingestion alters their behavior, resembling that of edibles or drinks. This results in a longer onset time for effects and potentially higher psychoactivity. Direct absorption under the tongue offers the fastest onset time, bypassing the digestive process required with edibles and drinks.

Cured Resin Caviar Benefits

Cured resin caviar, a high-terpene full-spectrum extract, offers a range of benefits, including flavor enhancement and improved entourage effects.

It is made from 100% cured resin and is free from distillate, ensuring a high-quality product that mirrors the flavor profile of the living plant. This type of caviar is particularly appealing for those who prefer a flavor-rich experience without the use of distillate.

CANNA ROOT BEER

\$8

Our 25mg Root Beer Soda offers a nostalgic, refreshing taste of classic root beer, with a powerful twist. Infused with 25mg of premium cannabis oil, this soda delivers smooth, bubbly flavor paired with a potent experience.

DISTILLATE SYRINGE

88.48 % THC

\$20

The humble THC distillate syringe is revolutionizing the way both casual and experienced cannabis users are enjoying cannabis. Versatile, flavourless, and able to be infused with almost everything, including meals and food, THC distillate syringes are bridging the gap between smoking and other forms of weed consumption in an accessible and readily available way.

FECO (RSO) FULL SPECTRUM

1GRAM

77.18%

\$20

FECO stands for Full-Spectrum Extract Cannabis Oil. FECO is a dark, thick oil that comes packaged in a syringe for precise dosing, it is recommended to run the syringe under warm water for easier use. It is usually consumed orally and processed through the liver like an edible. Although, it can also be applied topically to the skin. Due to its high potency, begin with a very small dose, no larger than a grain of rice. So if you don't feel anything at first, wait 2-3 hours before taking a small dose again. Edible effects can last 8-12 hours. FECO has been used to aid in: Pain relief, Reducing anxiety, Easing of cancer-related symptoms, Reducing inflammation.
